STAFF REPORT

Date: November 23, 2015

To: Honorable Mayor/Chair and City Council/Agency Members

From: Jose E. Pulido, City Manager/Executive Director
By: Michael Allen, Acting Community Development Director
James M. Guerra, Building Official

Subject: **Consideration to Adopt By Second Ordinance No. 656 Amending Sections 15.04.030, 15.08.030, and 15.12.030 and Adding Section 15.16.040 to the Cudahy Municipal Code; and the Adoption of a Proposed Resolution Approving New Building and Safety Division Fees as Part of the Master Fee Schedule**

RECOMMENDATION

The City Council is requested to:

1. Adopt by second reading Ordinance No. 656 amending Sections 15.04.030, 15.08.040, and 15.12.030 and adding 15.16.040 to the Cudahy Municipal Code; and
2. Adopt a proposed resolution approving new Building and Safety Division Fees as part of the Master Fee Schedule.

BACKGROUND

1. On August 3, 1999, the City Council adopted Resolution No. 99-34 which reduced the County of Los Angeles permit fees that the City of Cudahy uses by 10%.
2. On October 5, 1999, the City Council adopted Ordinance No. 551 which adopted the then current Los Angeles County permit fees as part of the adoption of the County Building laws.

3. On October 5, 1999, the City Council adopted Municipal Code Sections 15.04.030, 15.08.030, and 15.12.030 which increased the then current County permit fees by 100%.
4. On October 14, 2014, the City Council adopted Ordinance No. 639 which adopted the current Los Angeles County permit fees as part of the adoption of the County Building laws.
5. On October 14, 2015, the City Council adopted Resolution 15-41 establishing the Master Fee and Fine Schedule.
6. On October 30, 2015, the public notice and proposed fees were made available at the City Clerk's office, at the Building and Safety Division public counter, the City's website, and published in the Press Telegram.
7. On November 9, 2015, the City Council adopted by first reading the proposed modifications to CMC 15.04.030, 15.08.030, 15.12.030, and 15.16.040, as well as rescinding Resolution No. 99-34.

ANALYSIS

Cudahy Municipal Code Sections 15.040.030, 15.08.030 and 15.12.030 as well the proposed new section 15.16.040 provide for the complete cost recovery of Building and Safety Division operations. The permit fees collected under this section cover the complete cost of the Building and Safety Division including staff cost, staff training, the cost of a contract building official and third party plan review services, and the cost of administrative supervision and over-sight of the staff and consultants.

Resolution No. 99-34 prevented the complete cost recovery intended by Sections 15.040.030, 15.08.040, and 15.12.030. While Resolution No. 99-34 remains in effect, the General Fund will continue to be used augment any Building and Safety Division costs not covered by the collection of permit fees. A review of the City's projected expenditures for Fiscal Year 2015-16 requires the County Building fees to be increased by only 50% in order to provide for complete cost recovery of the projected building and safety division expenditures. Therefore, staff is recommending Sections 15.04.030, 15.08.030 and 15.12.030 be amended to increase the County Building permits by 50% as well as adding section 15.16.040 with a 50% increase.

Copies of the new permit fees were made available at the City Clerk's office and at the

Building and Safety Division public counter for public review 10 days prior to this hearing. Additionally, the notice and proposed fees were published in the Press Telegram and on the City's website. The new fees will become effective 60 days after the adoption of this resolution.

Approval of Resolution No. 15-41 memorialized the Master Fee and Fine Schedule. A Master Fee and Fine Schedule allows the City to respond in a more streamlined manner to public inquiries and to maintain an appearance of transparency to the public. Subsequently, the approval of modifications to CMC 15.04.030, 15.08.030, and 15.16.040 results in the proposed resolution to amend the Master Fee and Fine Schedule.

CONCLUSION

The proposed ordinances call to reduce the existing 100% multiplier to a 50% multiplier of the LA County Fee Schedule - as well as remove the 10% fee reduction which superseded the multiplier.

Attachment E showing the comparison of current and proposed building division fees illustrates the calculation which includes removing the 10% reduction, then adding the 50% multiplier. The column (in black) shows the current fee (including the 10% reduction of LA County fees) in place. The column (in red) shows the proposed fees calculated after removing the 10% reduction, and then adding the multiplier by 50% (as opposed to the 100% multiplier that currently exists).

If the City Council adopts the new ordinance amending Section 15.04.030, 15.08.040, and 15.12.030 and adding Section 15.16.040 and adopts a resolution repealing Resolution No. 99-34 and adopts the new Building and Safety Division Fees, all costs of the building and safety division will be covered by the permit fees collected. Additionally, the proposed resolution will memorialize the new fee schedule into the Master Fee and Fine Schedule, which will supersede City Council Resolution 15-41.

If the Council does not adopt the ordinance amending Section No. 15.04.040, 15.08.040, 15.12.030, and add Section 15.16.040 and a resolution repealing Resolution No. 99-34 and does not adopt the new Building Permit Fees, any cost for the building and safety division beyond the permit fees collected will continue to be paid using General Fund monies.

FINANCIAL IMPACT

Operational department costs average approximately \$35,000 (not including proposed cost incurred due to software/program purchases). Additional permit revenue will be added to the General Fund to offset the cost of services provided. As such, there will be no additional cost expenditures.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CUDAHY ADOPTING THE CUDAHY FEE SCHEDULE ESTABLISHING CERTAIN FEES AND CHARGES TO DEFRAY COSTS FOR GENERAL FINANCIAL SERVICES, CGENERAL COMMUNITY DEVELOPMENT SERVICES (INCLUDING PLANNING, BUSINESS REGULATION, BUILDING AND SAFETY, COMMUNITY PRESERVATION, ANIMAL CONTROL), GENERAL ENGINEERING SERVICES, AND PARKS AND RECREATION SERVICES

WHEREAS, THE City Council of the City of Cudahy desires to defray the costs for providing certain services; and

WHEREAS, the various departments have provided to the City Council a list of recommended fees and charges; and

WHEREAS, the City Council held a public hearing on November 23, 2015 to consider the Master Fees and Fines Schedule.

WHEREAS, the City Council is amending the Master Fees and Fines Schedule to incorporate the fee adjustment as approved by Ordinance No. 656.

BASED UPON THE ABOVE RECITALS, THE CITY COUNCIL OF THE CITY OF CUDAHY, CALIFORNIA, DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

SECTION 1. City Council Resolution No. 02-36 adopted October 1, 2002 to establish the imposition of an administrative fee charged upon the release of the impounded vehicle, City Council Resolution No. 14-03, adopted July 1, 2014 to establish vehicle parking violations, City Council Resolution No. 14-52, adopted August 5, 2014 to establish facility use fees assessed to residents of the City of Cudahy and non-profits, City Council Resolution No. 14-54, adopted August 19, 2014 to establish development application fees, City Council Resolution No. 14-77, adopted November 25, 2014 to establish fees for overnight parking permits, City Council Resolution No. 15-32, adopted June 22, 2015 to establish fees for overnight parking permits, and City Council Resolution No. 15-41 are hereby superseded by this Resolution No. 15-XX to the extent that they conflict or are inconsistent with this Resolution No. 15-XX and the Master Fees and Fines Schedule and no further.

SECTION 2. The City Council hereby finds and determines, that fees and charges set forth in the Master Fee and Fines Schedule, attached hereto as Exhibit A, and incorporated herein by reference, are in amounts reasonably necessary to recover

costs of providing the service, review, and documentation for with such fee or charge is levied or authorized to be levied.

SECTION 3. The fees and charges set forth above and incorporated herein by reference shall be reviewed on an annual basis and adjusted if necessary. Where a change in circumstances results in the increase of the cost of providing a particular service the City may adjust the corresponding fee or charge to reflect the actual cost of providing the service, subject to proper noticing and hearing requirements under state law and the Cudahy Municipal Code, as applicable.

SECTION 4. The City Clerk shall certify to the passage and adoption of this Resolution and it shall thereupon take effect.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Cudahy at its regular meeting on this 23rd day of November, 2015.

Notwithstanding the provisions of CMC 15.04.010, the building code is hereby amended by increasing the amount of each and every fee set forth in the code, including Sections 107.1, 107.2, 107.4, and 107.5, and Table No. 1-A of said building code, to be the fee set forth in the most current resolution of the city council establishing fees pursuant to said building code. In the event no such resolution has been adopted, said fees shall be two times those set forth in said building code. (Ord. 551 § 2. 2002 Code § 9-1.2.1).

15.04.040 Amendment – Section 105 – Board of appeals.

Notwithstanding the provisions of CMC 15.04.010, Section 105 of the building code is hereby amended to read as follows:

Sec. 105. Board of Appeals. The Planning Commission of the City of Cudahy shall act as and constitute the Board of Appeals referred to in this chapter. The City Council may, by resolution, provide that the Los Angeles County Board of Appeals may conduct the hearings provided by this chapter, or determine the suitability of alternate materials and types of construction, and provide for reasonable interpretations of the provisions of this Code.

(Ord. 546 § 1. 2002 Code § 9-1.3).

15.04.050 Penalty.

Every person violating any provision of the 2013 California Building Code as amended by Title 26 of the 2014 Los Angeles Building Code and appendices, adopted by reference by CMC 15.04.010, or of any permit or license granted thereunder, or any rules or regulations promulgated pursuant thereto, is guilty of a misdemeanor. Upon conviction thereof he or she shall be punishable by a fine not to exceed \$1,000 or imprisonment not to exceed six months, or by both such fine and imprisonment. The imposition of such penalty for any violation shall not excuse the violation or permit it to continue. Each day that a violation occurs shall constitute a separate offense. (Ord. 639 § 3, 2014; Ord. 625 § 3, 2013; Ord. 546 § 1. 2002 Code § 9-1.4).

15.04.060 Penalty.

Repealed by Ord. 625. (Ord. 581U § 2; Ord. 546 § 1. 2002 Code § 9-1.5).

Chapter 15.08**ELECTRICAL CODE**

Sections:

- 15.08.010 Adoption of the 2013 California Electrical Code as amended by Title 27 of the 2014 Los Angeles County Electrical Code.
- 15.08.020 Definitions.
- 15.08.030 Fees.
- 15.08.040 Amendments – Section 230-33 – Undergrounding.
- 15.08.050 Penalty.

Editor's Note: 2002 Code Section 9-2, Electrical Code, was amended in its entirety by Ordinance No. 546. Prior ordinances contained herein include Ordinance Nos. 339 § 1, 416 § 3, 456 § 3, 508-U § 2, 508 § 2 and 546U.

15.08.010 Adoption of the 2013 California Electrical Code as amended by Title 27 of the 2014 Los Angeles County Electrical Code.

(1) The 2013 California Electrical Code as amended by Title 27 of the 2014 Los Angeles County Electrical Code, which provides minimum requirements and standards for the protection of the public health, safety and welfare by regulating the installation or alteration of electrical wiring, equipment, materials, and workmanship in the city, provides for the issuance of permits and collection of fees therefor and provides penalties for the violations thereof, with all changes and amendments thereto, is hereby adopted by reference, and all conflicting ordinances are hereby repealed.

(2) All of the regulations, provisions, conditions, and terms of said codes, together with their appendices, one copy of which will be on file and accessible to the public for inspection at the city clerk's office, are hereby referred to, adopted and made part of this chapter as if fully set forth in this chapter with exceptions, deletions, additions, and amendments thereto as set forth in this chapter. (Ord. 639 § 4, 2014; Ord. 625 § 5, 2013; Ord. 581U §§ 3, 4; Ord. 546 § 2. 2002 Code § 9-2.1).

15.08.020 Definitions.

Whenever any of the following names or terms are used in the electrical code, each such name or term shall be deemed or construed to have the following meaning, unless the context otherwise requires:

(1) "Building official" shall mean the chief building official of the city.

(2) "Building department" shall mean the building and safety department of the city.

(3) "Electrical safety engineer" shall mean the chief building official of the city. (Ord. 546 § 2. 2002 Code § 9-2.2).

15.08.030 Fees.

Notwithstanding the provisions of CMC 15.08.010, the electrical code is hereby amended by increasing the amount of each and every fee set forth in Section 82-8 of the electrical code to be the fee set forth in the most current resolution of the city council establishing fees pursuant to the electrical code. In the event no such resolution has been adopted, said fees shall be two times those set forth in Section 82-8 of the electrical code. (Ord. 551 § 3. 2002 Code § 9-2.2.1).

15.08.040 Amendments – Section 230-33 – Undergrounding.

Notwithstanding the provisions of CMC 15.08.010, Section 230-33 is hereby added to the electrical code to read as follows:

230-33. Required Undergrounding. Whenever it becomes necessary to provide a new electrical service to any building or structure located upon a lot or parcel of real property zoned for commercial or manufacturing purposes, such service shall be installed underground in approved rigid metal conduit or approved plastic conduit. Such service shall satisfy in full the requirements of the serving utility.

The Planning Commission of the City of Cudahy shall consider all applications for waivers of the regulations and standards of this section after the initial review by the Chief Building Official of the City. After considering the information and evidence presented, the Planning Commission may grant a waiver where it is shown that:

a. Because of exceptional circumstances and conditions, the strict application of this section would result in practical difficulties or unnecessary hardships inconsistent with the general purpose and intent of this section.

b. The waiver will not be materially detrimental to the public health, safety, or general welfare in the zone or neighborhood in which the property is located.

The decision of the Planning Commission may thereafter be appealed to the City Council of the City of Cudahy for final consideration under the standards of this section.

(Ord. 546 § 2. 2002 Code § 9-2.3).

15.08.050 Penalty.

Every person violating any provision of the 2013 California Electrical Code as amended by Title 26 of the 2014 Los Angeles County Electrical Code and appendices, adopted by reference by CMC 15.08.010, or of any permit or license granted thereunder, or any rules or regulations promulgated pursuant thereto, is guilty of a misdemeanor. Upon conviction thereof he or she shall be punishable by a fine not to exceed \$1,000 or imprisonment not to exceed six months, or by both such fine and imprisonment. The imposition of such penalty for any violation shall not excuse the violation or permit it to continue. Each day that a violation occurs shall constitute a separate offense. (Ord. 639 § 5, 2014; Ord. 625 § 6, 2013; Ord. 581U § 4; Ord. 546 § 2. 2002 Code § 9-2.4).

Chapter 15.12**PLUMBING CODE**

Sections:

- 15.12.010 Adoption of the 2013 California Plumbing Code as amended by Title 28 of the 2014 Los Angeles County Plumbing Code.
- 15.12.020 Definitions.
- 15.12.030 Fees.
- 15.12.040 Penalty.

Editor's Note: 2002 Code Section 9-3, Plumbing Code, was amended in its entirety by Ord. No. 546. Prior ordinances contained herein include Ordinance Nos. 338 § 2, 416 § 4, 456 § 4, 508-U § 3, 508 § 3 and 546U.

15.12.010 Adoption of the 2013 California Plumbing Code as amended by Title 28 of the 2014 Los Angeles County Plumbing Code.

(1) The 2013 California Plumbing Code as amended by Title 28 of the 2014 Los Angeles County Plumbing Code, which provide minimum requirements and standards for the protection of the public health, safety and welfare by regulating the installation or alteration of plumbing and drainage, materials, venting, wastes, traps, interceptors, water systems, sewers, gas piping, water heaters and other related products, and workmanship in the city, provide for the issuance of permits and collection of fees therefor, and provide for penalties for the violations thereof, with certain changes and amendments thereto, are hereby adopted by reference, and conflicting ordinances are hereby repealed.

(2) All of the regulations, provisions, conditions, and terms of said codes, together with their appendices, one copy of which will be on file and accessible to the public for inspection at the city clerk's office, are hereby referred to, adopted and made part of this chapter as if fully set forth in this chapter with the exceptions, deletions, additions, and amendments thereto as set forth in this chapter. (Ord. 639 § 6, 2014; Ord. 625 § 7, 2013; Ord. 581U § 5; Ord. 546 § 3. 2002 Code § 9-3.1).

15.12.020 Definitions.

Whenever any of the following names or terms are used in the plumbing code, each such name or term shall be deemed or construed to have the following meaning, unless the context otherwise requires:

(1) "County," "county of Los Angeles," or "unincorporated territory" shall mean the city of Cudahy.

(2) "Board of supervisors" shall mean the city council.

(3) "Building department" shall mean the building department of the city.

(4) "Building official" shall mean the superintendent of building of the city.

(5) "Chief plumbing inspector" shall mean the superintendent of building of the city.

(6) "Los Angeles County Zoning Ordinance No. 1494" or "the zoning ordinance" shall mean the zoning ordinance of the city.

(7) "Unincorporated territory of the county of Los Angeles" shall mean the city of Cudahy.

(8) Whenever reference is made in the plumbing code to any ordinance of the county, such reference shall be deemed to be the appropriate similar regulations of the city. (Ord. 546 § 3. 2002 Code § 9-3.2).

15.12.030 Fees.

Notwithstanding the provisions of CMC 15.12.010, the plumbing code is hereby amended by increasing the amount of each and every fee set forth in the code, including Section 103.4 and Table No. 1-1 of the plumbing code, to be the fee set forth in the most current resolution of the city council, establishing fees pursuant to the plumbing code. In the event no such resolution has been adopted, the fees shall be two times those set forth in the plumbing code. (Ord. 551 § 4. 2002 Code § 9-3.2.1).

15.12.040 Penalty.

Every person violating any provision of the 2013 California Plumbing Code as amended by Title 28 of the 2014 Los Angeles County Plumbing Code and appendices, adopted by reference by CMC 15.12.010, or of any permit or license granted thereunder, or any rules or regulations promulgated pursuant thereto, is guilty of a misdemeanor. Upon conviction thereof he or she shall be

CITY OF CUDAHY

BUILDING PERMIT FEE ADJUSTMENT REPORT

This September 2015 City of Cudahy Building Permit Fee Adjustment Report (the “Report”) has been prepared in support of a proposed modification of the City of Cudahy (“City”) building permit fee schedule.

The review of building improvement plans and the issuance of building permits by the City is one of the more important and costly life-safety regulatory programs which is administered by the City. The City is authorized under State Law to charge service fees to recover some, or all, of the necessary and reasonable costs borne by of the City to administer this particular regulatory program. These fees are payable by persons who seek to construct or install improvements to properties.

The City currently assesses or charges building permit fees in accordance with a regulatory fee schedule which uses the Los Angeles County Building Permit Program Fee Schedule as a reference rate (See: Cudahy Municipal Code Sections 15.04.030 [Building], 15.08.030 [Electrical], 15.12.030 [Plumbing] and 15.16.040 [Mechanical]).

At the present time, the City charges building permit fees at a fraction of the Los Angeles County Building Permit Program Fee reference rate (See: Cudahy City Council Resolution No. 99-34).

In addition, the City Building Permit Program is not currently collecting fee revenues which are equal to the City’s costs of administering the program. The budgeted cost to the City in comparison to the building permit fee revenues collected by the City is presented as follows:

City Fiscal Year	City Building Permit Program Budget	City Building Permit Program Fee Revenue
2012-13	\$ <u>100,541</u>	\$ <u>71,163</u>
2013-14	\$ <u>112,693</u>	\$ <u>108,216</u>
2014-15	\$ <u>184,094</u>	\$ <u>115,833</u>

For City Fiscal Year 2015-16 the budget for the City Building Permit Program has been set at \$ 193,000.

This program cost figure for City Fiscal Year 2014-15 includes the expense of a new City Building Permit Program management, time keeping and file archive system will greatly enhance the reliability and efficiency of the City Building Permit Program.

In the past, the City has used general fund revenues to supplement the building permit regulatory fees collected by the City Building Department to offset the total cost of administering the program.

However, there are other demands on the City general fund, and State Law authorizes the City to charge regulatory fees under the City Building Permit Program which would allow the City program to be self-sustaining and not require a subsidy from the City general fund.

The City staff have prepared an estimate of the potential building permit fee revenue which could be collected, beginning in City Fiscal year 2015-16 provided that the Building Permit Program fees were adjusted to reflect a rate sufficient to match budgeted expenditures with likely revenues:

Proposed Rate Adjustment	Revenue Estimate (FY 2015-16)
Increase City building permit fee rates to be at 50% of L.A. County reference rates:	\$ <u>193,000</u>

Subject: **Consideration to Co-Sponsor a Music Festival in Partnership with Bandachannel.com**

RECOMMENDATION

The City Council is requested to approve a co-sponsorship of a music festival with Bandachannel.com to take place on Sunday, December 20, 2015, from 1:00 p.m. to 8:00 p.m. at Clara Expansion Park located at 4835 Clara Street, Cudahy, CA 90201.

BACKGROUND

1. On June 11, 2015, Vice Mayor Hernandez presented the City Manager with a music festival preliminary proposal by Bandachannel.com (i.e., Representative Alex Castaneda), to possibly host an event at Cudahy Park on Saturday, October 17, 2015.
2. On June 24, 2015, the City Manager requested the Acting Community Development Director to provide a site map of Clara Expansion Park for Bandachannel.com to plan the potential music festival.
3. On August 3, 2015, City staff sent an e-mail to Mr. Castaneda with the facility reservation form, and requested the form be submitted as soon as possible.
4. On August 20, 2015, Vice Mayor Hernandez forwarded an official proposal to City staff from Bandachannel.com.

5. On September 2, 2015 City staff sent the official proposal for review to the City Attorney.
6. On September 2, 2015, Mr. Castaneda met with the City's Planning Technician and Building & Safety Inspector to discuss all permits, fees, and requirements associated with a music festival.
7. On September 9, 2015, City staff along with the City Attorney, held a telephone conference with Mr. Castaneda to discuss the music festival licensing agreement.
8. On September 14, 2105, Bandachannel.com gave a presentation of the proposed Fiestas de Octubre event during the City Council meeting.
9. On September 28, 2015, The City Council approved to partner with Bandachannel.com to hold a music festival on Saturday, October 17, 2015.
10. On October 2, 2015, Mr. Castaneda from Bandachannel.com contacted City staff and let them know the event would need to be moved to a later date.
11. On October 7, 2015, Mr. Castaneda from Bandachannel.com met with City staff to discuss a new date, and location for the music festival.
12. On October 27, 2015, Mr. Castaneda from Bandachannel.com met with City staff and proposed Sunday, December 20, 2015 to coincide with the City's Holiday Children's Party.

ANALYSIS

Consistent with the community's desire to hold more music festivals, Vice Mayor Hernandez sought a proposal from Bandachannel.com to possibly host an event in our City. Bandachannel.com has hosted similar events in the City of South Gate.

Banadachannel.com is a music entertainment website established in 2009, which aims to keep the public informed and entertained in a musical environment. Bandachannel.com is proposing to hold one event scheduled for Sunday, December 20, 2015 at Clara Expansion Park. The event will consist of performances and demonstrations of various ethnic dances and shows representative of Latin American countries participating in the event. The music festival will host performances of several renowned artists and bands of various genres to entertain attendees of all ages and backgrounds.

The event will coincide with the City's annual Children's Holiday Party, to be held earlier in the day in Turner Hall from 8:00 a.m. to 12:00 p.m. The music festival is schedule to include live entertainment, 21 display booths, nine food vendor booths, a fenced in beer garden (no beer outside beer garden), fair area, and carnival games.

Due to the nature of the event, Bandachannel.com will have to follow the requirements of a licensing agreement which include: letter of intent; site plan; radius map; address labels (for notifications to be sent from City) to neighboring business and property owners near event, Health Department approval (for all food vendors), Alcohol Beverage Control (ABC) approval of the proposed beer garden, Building & Safety permits and approval, and Fire Department approval.

Bandachannel.com is requesting the City's to waive the following:

- Business license fee;
- Temporary use permit;
- Stage planning permit;
- Electrical permits;
- Cleaning crew and trash disposal;
- Encroachment permit; and
- Security.

Although permits will be required, in lieu of fees, Bandachannel.com will pay the City's in-kind donations of \$8,000 to cover the cost of toys, snow, decorations, and the pancake breakfast.

Additionally, Bandachannel.com will provide approximately \$20,000 of in-kind services including the following:

- Insurance certificate of \$3 million of coverage;
- Promotional package and publicity including poster, flyers, and two 25 x 5 street banners to be place on the Boulevard;
- Bandachannel.com will purchase 1000 toys to be given away during the City's Children's Holiday Party; and
- The City will also have between five to eight booths to use during the music festival available for any sponsor or community organization.

Clara Expansion Park will be closed Saturday, December 19th through Monday, December 21st for set up and breakdown of the event.

CONCLUSION

If the City Council approves co-sponsorship of the music festival, it will be added to the City's 2015 calendar of events. The proposed event would provide a positive expanded program for the Cudahy community.

If the City Council denies the co-sponsorship request, no further action will be taken, and the City wouldn't receive the \$8,000.00 in in-kind donations. With only Santa's Breakfast as is previous cost.

FINANCIAL IMPACT

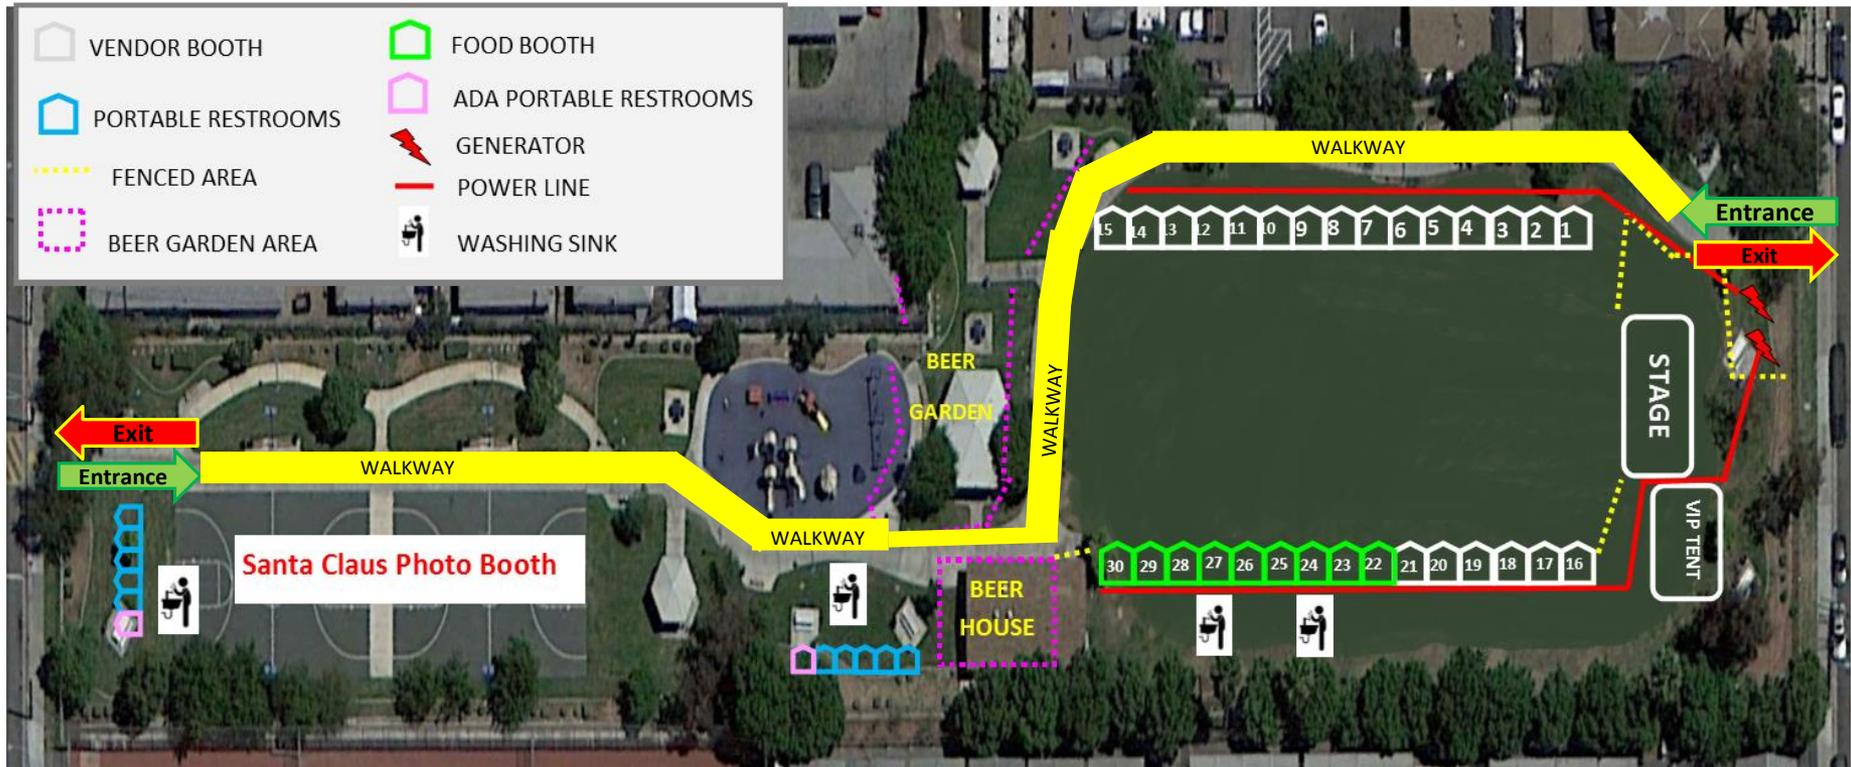

The City does not anticipate a negative financial impact. The licensing agreement of \$8,000 will cover the cost of staff time, permits, and facility use/wear. Bandachannel.com's in-kind services will total approximately \$20,000.

SPECIAL EVENT LICENSE AGREEMENT
FOR MUSIC FESTIVAL OPERATIONS
BETWEEN THE
CITY OF CUDAHY
AND
BANDACHANNEL.COM

This License Agreement (AGREEMENT) is effective as of November 9, 2015, and is made and entered into by and between the City of Cudahy, a municipal corporation (hereinafter referred to as the "CITY"), and Banda Channel (hereinafter referred to as the "LICENSEE").

RECITALS

A. Whereas, LICENSEE desires to hold and produce a musical entertainment event (FESTIVAL) within the City of Cudahy; and

B. Whereas, CITY desires to enhance the availability of reasonably priced, local entertainment opportunities for adults and families in Cudahy; and

C. Whereas, LICENSEE warrants to the CITY that it has the qualifications, experience and facilities to perform properly and timely in producing the FESTIVAL permitted under this Agreement.

D. Whereas, CITY is willing to grant a license to LICENSEE for operation of a FESTIVAL at Clara Park under the terms and conditions herein stated.

NOW THEREFORE, IT IS AGREED BETWEEN THE PARTIES HERETO AS FOLLOWS:

1.0 GRANT OF EXCLUSIVE LICENSE

CITY hereby grants to LICENSEE a temporary, revocable and exclusive license to enter upon those areas of Clara Park specified on the attached diagram Attachment A – (FESTIVAL AREA) and to use said property at the times and dates agreed upon by LICENSEE and CITY and attached hereto, according to the terms and conditions for the FESTIVAL, herein provided.

1.1 Revocability

CITY may in its sole and unfettered discretion, revoke and/or terminate this Agreement without cause upon ten (10) calendar days advance written notice. In the event that any of the terms of this Agreement or city ordinances are violated, or, in the event that, in the CITY's sole discretion and judgment, there is an eminent threat to public health or safety, CITY may revoke this license at any time and require that all activities related to the license be ceased.

Both Attachment A – FESTIVAL AREA and Attachment B – SCHEDULE may be revised by mutual agreement of both parties at any time. Such revisions shall be made in writing and signed by both parties as acknowledgement of their acceptance.

1.2 Exclusive

LICENSEE is granted exclusive use of the designated areas for the days and times specified in this Agreement. CITY may not grant permission to other persons to use the same property, which is the subject matter of this Agreement at the same times as are herein specified without other or further notice to LICENSEE. CITY reserves the right for its staff and representatives to enter into the FESTIVAL AREA at any time for maintenance, security or monitoring purposes.

The exclusive nature of this Agreement pertains solely to the use of the designated FESTIVAL AREA during the dates and times specified in this Agreement. This exclusivity shall not be construed to prevent the CITY from any operations, licensing or use of the FESTIVAL AREA outside of the designated periods or to limit the ability of the CITY to offer other events or activities of a similar nature. CITY reserves the right to produce other events, whether or not they are similar in nature to LICENSEE's EVENTS or to enter into other license agreements so long as they do not directly conflict with LICENSEE's use of FESTIVAL AREA.

1.3 Temporary

Unless sooner revoked, rescinded, or terminated, this Agreement shall automatically expire as specified under Section 3: TERM OF AGREEMENT.

2.0 PERMISSABLE USE

Licensee shall use, under terms and conditions consistent with those set forth in this Agreement, the FESTIVAL AREA for the sole purpose of conducting the activities as specifically approved by CITY, including musical performances, food booths, vendor booths, carnival games, snow, picture with Santa, restrooms, beer garden, and any other items as approved by CITY in writing ("FESTIVAL"). All activities, vendors, performers, designated spectator areas, signage, preparation areas, support staff, vehicles and equipment shall be located in the FESTIVAL AREA.

All vendors, sales of merchandise and food and alcohol shall comply with all City, County and State laws and regulations including having a current business license and Temporary Use Permit with the CITY and adhering to all health codes. Licensee and sellers shall not interfere with or impede access for emergency vehicles.

3.0 TERM OF AGREEMENT

This agreement shall become effective on upon execution and shall remain in effect until 12:00 p.m. on December 21, 2015 unless otherwise expressly extended or revoked.

4.0 HOURS OF OPERATION

The license herein granted shall be valid only during days and hours as agreed to in advance by CITY and documented in Attachment B - Schedule. Normal hours of operation are between the hours of 7:00 a.m. and 10:00 p.m. Specific days and times shall be agreed upon by both parties at least 30 days prior to the event for each of the following activities; setup, performance and cleanup.

- a) Setup – Set up may begin one day prior to the first scheduled performance no earlier than 7:00am. Prior to the scheduled start of set up, LICENSEE may have non-exclusive access as needed for measurement, inspection or other evaluation and planning purposes. There can be no deliveries of equipment or arrival of vehicles or staff prior to the setup period. At the beginning of the setup period, LICENSEE shall have exclusive use and full responsibility for the FESTIVAL AREA including all safety and security. CITY will not be responsible for equipment or other materials left in the FESTIVAL AREA. Members of the public may not be allowed within the FESTIVAL AREA during Setup.

- b) Performance – Performance periods shall be those periods specified when the FESTIVAL AREA is open to the public. All sales, entertainment, carnival rides, games and associated activities shall be restricted to those hours designated for the Performance period. No vehicles will be allowed in the FESTIVAL AREA while the public is present. Performance periods will end no later than 10:00 pm.
- c) Clean up – LICENSEE will have one day after the final performance to remove all equipment, materials and supplies from the FESTIVAL AREA and return the FESTIVAL AREA to its original condition. Any and all clean-up costs, including disposal of trash, removal of equipment and other items that were brought onto the FESTIVAL AREA by the LICENSEE or vendors, crew, performers and other employees, contractors or agents of LICENSEE will be the sole responsibility of LICENSEE. Clean -up activities must take place between the hours of 7:00 a.m. and 10:00 p.m. Members of the public may not be allowed within the FESTIVAL AREA during Cleanup.
- d) Materials, supplies, equipment and vehicles may not be stored at CITY facilities outside of the FESTIVAL AREA before, during or after LICENSEE’s license period without express written consent from the CITY.

Days and times may be modified at any time by mutual written agreement of the parties.

5.0 LICENSE FEES. LICENSEE shall pay to the City, at least thirty calendar (30) days prior to the FESTIVAL, a LICENSE FEE in the amount of **EIGHT THOUSAND DOLLARS (\$8,000.00)** for the use of the FESTIVAL AREA and associated City expenses as provided in this Agreement (IE. Toy give-a-way, snow, decorations, and pancake breakfast). This LICENSE FEE is exclusive of any fees or costs owed by the LICENSEE to any other agency or business, or necessary to obtain proper Building Permits or Business Licenses.

6.0 COMPENSATION TO LICENSEE. LICENSEE will receive no compensation from the CITY for operation of the FESTIVAL or other services provided by LICENSEE in association with this Agreement unless agreed to in advance by the DIRECTOR in writing.

- a) LICENSEE may not charge parking fees associated with the FESTIVAL.
- b) LICENSEE may charge reasonable entry fees for those entering the FESTIVAL AREA.
- c) LICENSEE may charge vendors either a flat fee or a percentage of their gross sales, for their participation as a vendor in the FESTIVAL. LICENSEE is solely responsible for the collection and accounting of any fees it may charge.
- d) LICENSEE may sell advertising, solicit sponsors and include affiliate organizations and businesses in order to secure financial support for the FESTIVAL. CITY shall have final approval of all sponsors or advertisers who will be associated with or advertise at the event beyond LICENSEE. LICENSEE may not make any commitment or agreement which would exceed their rights as spelled out in this Agreement and may not make any commitment or agreement on behalf of the CITY or in any way act or represent themselves as an agent of the CITY.

7.0 CITY AGENT. The Community Development Director, or his/her designee (DIRECTOR), for the purposes of this Agreement, is the agent for the CITY; whenever approval or authorization is required, LICENSEE understands that the Director, or his/her designee, has the authority to provide that approval or authorization.

8.0 SPECIAL TERMS AND CONDITIONS

- a) Habitation – Vendors, crew, performers and other employees, contractors or agents of LICENSEE shall not be allowed to habitate or otherwise camp or stay in the FESTIVAL AREA or on the park grounds or parking lots after hours of operation other than one designated security personnel who is responsible for monitoring and maintaining security and safety in the FESTIVAL AREA during those hours of non-operation.
- b) LICENSEE shall provide CITY with an operational plan for such security for review and approval by the Planning Department, Building and Safety Department, Los Angeles County Sherriff’s Department, and the Los Angeles Fire Department at least thirty (30) calendar days prior to the date of the FESTIVAL. Such operational plan shall include the name and contact information of any security firm that will provide services as well as the names and qualifications of any employees of the LICENSEE that will provide security for the FESTIVAL. The operational plan will provide detailed information regarding scheduling and location of security personnel, communication protocols and emergency response protocols. If a private security firm is used, LICENSEE shall provide CITY with a copy of the contract for the security services and current and valid certificate of insurance from such security firm to comply with the insurance requirements stated in this Agreement.
- c) Talent - LICENSEE is solely responsible for the costs and selection of the acts, performers, schedule, vendors, and activities which together represent the nature and character of the FESTIVAL. LICENSEE understands that this event and the facilities remain subject to all Park Ordinances, Rules and Regulations and that the nature of the event shall be promoted and presented as a “Family Event” and that all performances and activities shall create an atmosphere appropriate for all ages.
- d) Vendors – LICENSEE shall ensure all vendors obtain proper permits and licenses from the City or any other agency or business necessary to operate at the FESTIVAL.
- e) Equipment – LICENSEE is provided with the FESTIVAL AREA in as-is condition. LICENSEE is responsible to provide all equipment, supplies and materials required to operate the FESTIVAL. All equipment and staging as well as booths, rides and other attractions must comply with all local, state and federal regulations as well as all industry standards for safety and proper operation.
- f) Modifications – LICENSEE may not make any modifications to existing facilities without express written consent from CITY. Any modifications so approved will be at the sole expense of LICENSEE.
- g) Maintenance Deposit - LICENSEE shall be responsible for all costs to restore FESTIVAL AREA to its original condition no later one day after the final performance of the FESTIVAL unless this condition is expressly waived by the CITY in writing. At least thirty (30) calendar days prior to the FESTIVAL, LICENSEE shall deposit a Maintenance Deposit in the amount of \$2,500 (Two-Thousand and Five Hundred Dollars) with the City Finance Department. The CITY shall reimburse the full amount of the Maintenance Deposit no later than thirty (30) business days from the date of the FESTIVAL unless the CITY determines that deductions are necessary for clean-up costs to return the FESTIVAL AREA to its original condition and/or to reimburse the CITY for any costs that the CITY incurred as a result LICENSEE’s failure to comply with the terms of this Agreement. In the event that CITY makes any deductions as provided in this paragraph, CITY shall provide LICENSEE an itemized list of the deductions and shall return the remaining balance of the Maintenance Deposit to LICENSEE, if any, no later than thirty (30) business days from the date of the FESTIVAL. In the event that the Maintenance Deposit is insufficient to cover the aforementioned costs, nothing in this paragraph relieves the LICENSEE from its responsibility to pay for any additional amount within thirty (30) calendar days following

the conclusion of the FESTIVAL and receipt of a CITY invoice itemizing the costs and total amount owed to CITY.

- h) Advertising – LICENSEE and CITY shall cooperate in developing a promotional plan for the FESTIVAL. LICENSEE is solely responsible for all advertising costs associated with the FESTIVAL. The CITY may, at its sole discretion, assist in advertising the FESTIVAL through its own means and at its own cost. In doing so, CITY shall comply with all logos, slogans and other advertising standards provided by LICENSEE. LICENSEE must receive express permission to use the City logo or the names City of Cudahy, Parks & Recreation or Clara Park in any of its advertising or promotions.
- i) Sanitation - LICENSEE shall provide sufficient number of portable toilets, including ADA compliant toilets, and trash receptacles to handle the needs of the attending public and shall be responsible for the costs of these facilities and equipment. Toilets shall be cleaned on a frequent basis. Trashcans shall be emptied with enough frequency to prevent overflow or the attracting of insects or other pests. Trash, litter and other debris not in trashcans will be picked up and removed by LICENSEE from the FESTIVAL AREA throughout the event by LICENSEE and with enough frequency to ensure a safe, healthy and inviting event location. Trash may be placed in dumpsters provided by the CITY at the CITY's expense.
- j) Food spoils – Vendors who will be preparing food to be sold in the FESTIVAL AREA may not use CITY trash cans or dumpsters for food spoils or preparation waste. Such waste must be disposed of off site.
- k) LICENSEE shall retain the right to revoke admission to the festival grounds of any person suspected to be in possession of any alcoholic beverages, illegal drugs, weapons, animals, or acting in a manner that may cause alarm to the general public.
- l) Damage - In the event that any property damage is sustained as a result of the FESTIVAL, LICENSEE agrees to repair the damage at LICENSEE's sole expense no later than thirty (30) calendar days from the date of the FESTIVAL.
- m) Pollution Discharge - LICENSEE shall be responsible for ensuring that FESTIVAL and all associated activities are operated and maintained in compliance with the provisions of the National Pollution Discharge Elimination System (NPDES).
- n) Title to Abandoned Property other than Trash - All property, including personal property, fixtures and utility installations within the FESTIVAL AREA, shall, unless removed by LICENSEE no than one day after the final performance of the FESTIVAL, be deemed to be abandoned, and shall become property of the CITY.
- o) Assignments and Subletting - LICENSEE shall not voluntarily or by operation of law assign, transfer, mortgage, pledge, or otherwise transfer or encumber all or any part of LICENSEE's interest in this Agreement or in the FESTIVAL AREA.
- p) Additional applicable conditions are set forth in the conditions of approval for the FESTIVAL which is attached hereto as Attachment C and incorporated herein by reference. In the event of any conflict or inconsistency between the provisions of the body of this Agreement conflict and the provisions of Attachment C, the provisions of the body of this Agreement shall control.

9.0 INDEMNIFICATION AND INSURANCE

9.1 Irrespective of any insurance carried by Licensee for the benefit of CITY, and notwithstanding any other provision or statement of precedence of this Agreement to the contrary,

LICENSEE shall indemnify and hold City, its officers, directors, employees, representatives and volunteers (collectively "CITY Personnel") harmless from and against any and all actions, claims, demands, judgments, attorneys fees, costs, damages to persons or property, penalties, obligations, expenses or liabilities of any kind that may be asserted or claimed by any person or entity (including, but not limited to, any employee, invitee, agent or contractor of LICENSEE) in any way arising out of or in connection with this Agreement, the operations carried on by LICENSEE in the FESTIVAL AREA or any lands to which Licensee has access hereunder, or the occupation or use of the FESTIVAL AREA by LICENSEE or any person or entity holding under LICENSEE (collectively, "Claims"), whether or not there is concurrent active or passive negligence on the part of CITY, and/or acts for which the City would be held strictly liable, but excluding the sole active negligence or willful misconduct of CITY. In connection therewith:

- i) LICENSEE shall defend and hold CITY and CITY Personnel harmless from any and all Claims, whether caused in whole or in part by CITY's active or passive negligence, and/or acts for which CITY and/or CITY Personnel would be held strictly liable, but excluding any Claim that results from the sole active negligence or willful misconduct of CITY or CITY Personnel; and LICENSEE shall pay all expenses and costs, including attorneys' fees, incurred in connection therewith.
- ii) LICENSEE shall promptly pay any judgment rendered against LICENSEE or CITY covering any Claim, and hold and save CITY and CITY Personnel harmless therefrom, whether such Claim was caused in whole or in part by CITY and/or CITY Personnel's active or passive negligence, and/or acts for which CITY and/or CITY Personnel would be held strictly liable, but excluding the sole active negligence and willful misconduct of CITY and/or CITY Personnel.
- iii) LICENSEE shall promptly pay any judgment rendered against LICENSEE or CITY covering any Claim, and hold and save CITY and CITY Personnel harmless therefrom, whether such Claim was caused in whole or in part by CITY and/or CITY Personnel's active or passive negligence, and/or acts for which CITY and/or CITY Personnel would be held strictly liable, but excluding the sole active negligence and willful misconduct of CITY and/or CITY Personnel.
- iv) In the event CITY is made a party to any action or proceeding filed or prosecuted for or arising out of or in connection with any Claim, LICENSEE shall pay to CITY any and all costs and expenses incurred by CITY in any such action or proceeding, together with reasonable attorneys' fees.
- v) All of the indemnity obligations of LICENSEE under this Paragraph 9.0., or as otherwise set forth in this Agreement, shall survive the expiration or earlier termination of this Agreement.
- vi) Notwithstanding anything in the this Agreement to the contrary, in no event shall LICENSEE be obligated to indemnify CITY for any matters or conditions to the extent arising due to CITY's sole negligence or willful misconduct. In addition, notwithstanding anything in this Agreement to the contrary, in no event shall LICENSEE be deemed to have released City for any claims or causes of action arising due to City's sole negligence or willful misconduct.

9.2 Without limiting LICENSEE's indemnification obligations, LICENSEE shall not enter or occupy the FESTIVAL AREA until LICENSEE has obtained all of the insurance required herein from a company or companies acceptable to CITY, and LICENSEE shall maintain all such insurance in full force and effect at all times during the term of this License and any extension or renewal thereof. Insurance shall be placed with insurers having a current A.M. Best rating of no less than A-:VII or equivalent or as otherwise approved by CITY.

- i) Workers' Compensation and Employer's Liability Insurance: LICENSEE shall cover or insure under the applicable laws relating to workers' compensation insurance all of its employees working on or about the FESTIVAL AREA, in accordance with the "Workers' Compensation and Insurance Act," Division IV of the Labor Code of the State of California and any Acts amendatory thereof. Such policy of workers compensation insurance shall contain the following separate endorsements:
 - (a) "Insurer waives all rights of subrogation against the City of Cudahy, its officers, directors, employees, representatives and volunteers."
 - (b) "This insurance policy shall not be suspended, voided, reduced in coverage or in limits, cancelled, limited, non-renewed or materially changed for any reason by the insurer until thirty (30) calendar days after receipt by the City of Cudahy of a written notice of such cancellation, limitation or reduction of coverage."
- ii) Commercial General Liability Insurance providing coverage in the following minimum limits:
 - (a) Combined single limit of Five Million Dollars (\$5,000,000) per occurrence for Bodily Injury, Personal Injury or Death and Property.
 - (b) Damage Coverage shall be at least as broad as Insurance Services Office (ISO) Commercial General Liability coverage (occurrence Form CG 0001).
 - (c) If Commercial General Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the project/location (with the ISO CG 2503 or ISO CG 2504, or insurer's equivalent endorsement provided to City), or the general aggregate limit shall be twice the required occurrence limit.
- iii) Comprehensive Automobile Liability Insurance, including owned, non-owned, leased, hired, and borrowed automobiles and similar vehicles, providing the following minimum limits:
 - (a) Combined single limit of One Million Dollars (\$1,000,000) per occurrence for Bodily Injury or Death and Property Damage.
 - (b) Coverage shall be at least as broad as Insurance Services Office (ISO) Business and Auto Coverage (Form CA 0001) covering any auto.
- iv) Endorsements: The policies of liability insurance provided for in Paragraphs 9.2.ii and 9.2.iii shall specify that this specific Agreement is insured and that coverage for injury to participants resulting from LICENSEE's activities is not excluded, and shall be in a form satisfactory to CITY and contain the following separate endorsements:
 - (a) Combined single limit of One Million Dollars (\$1,000,000) per occurrence for Bodily Injury or Death and Property Damage.
 - (b) "The City of Cudahy, its officers, directors, employees, representatives and volunteers, are declared to be additional insureds on all of the above policies with respects to the operations and activities of the named insured at or from the premises of the City of Cudahy. The coverage shall contain no special limitations on the scope of protection afforded to the City of Cudahy, its officers, directors, employees, representatives and volunteers."

- (c) “This insurance policy shall not be suspended, voided, reduced in coverage or in limits, canceled, limited, non-renewed, or materially changed for any reason until thirty (30) calendar days after receipt by the City of Cudahy of a written notice of such cancellation, limitation or reduction of coverage.”
 - (d) “This insurance policy is primary insurance and no insurance held or owned by the designated additional insureds shall be called upon or looked to cover a loss under said policy; the City of Cudahy shall not be liable for the payment of premiums or assessments on this policy.”
 - (e) “Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the City of Cudahy, its officers, directors, employees, representatives, or volunteers.”
 - (f) “This insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer’s liability.”
- v) Evidence of Coverage: As a condition precedent to this Agreement, LICENSEE shall at the time of the execution of this Agreement present to CITY the original policies of insurance required by this Paragraph 9.2 or a certificate of the insurance, with separate endorsements (Insurance Services Office Form CG 2026, or equivalent), showing the issuance of such insurance and the additional insured and other provisions and endorsements required herein and copies of all endorsements signed by the insurer’s representative. All policies shall contain the LICENSEE’s name and location of the FESTIVAL on the certificate. At least thirty calendar (30) days prior to the expiration of any such policy, a signed complete certificate of insurance, with all endorsements provided herein, showing that such insurance coverage has been renewed or extended, shall be filed with CITY. LICENSEE’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer’s liability.
- vi) Review of Coverage: CITY shall have the right at any time to review the coverage, form, and limits of insurance required under this Agreement. If, in the sole and absolute discretion of CITY, the insurance provisions in this Agreement do not provide adequate protection for CITY, CITY shall have the right to require LICENSEE to obtain insurance sufficient in coverage, form and limits to provide adequate protection and LICENSEE shall promptly comply with any such requirement. CITY’s requirements shall not be unreasonable, but shall be adequate in the sole opinion of CITY to protect against the kind and extent of risks which may exist at the time a change of insurance is required, or thereafter.
- vii) Agreement Contingent Upon Coverage: Notwithstanding any other provision of this agreement, this Agreement shall be null and void at all times when the above-referenced original policies of insurance or Certificate of Insurance or Renewal Certificates or Endorsements are not on file with CITY at least twenty (20) calendar days prior to the date of the FESTIVAL.

10.0 COMPLIANCE WITH LAWS AND PARK RULES

LICENSEE and all its vendors shall comply with all applicable laws, ordinances, rules and regulations of all governmental agencies, including, without limitation, all CITY and Park rules and regulations.

11.0 NON-DISCRIMINATION.

The LICENSEE shall not discriminate as to race, creed, gender, color, national origin or sexual orientation in the performance of its services and duties pursuant to this Agreement, and will comply with

all applicable laws, ordinances and codes of the Federal, State, County and CITY governments.

12.0 CITY'S OBLIGATIONS

Except for the obligations of CITY specifically set forth in this Agreement, it is intended by the parties hereto that CITY shall have no obligation, in any manner whatsoever, to repair and maintain the FESTIVAL AREA, nor any structural improvements located thereon, nor any equipment now or hereafter located therein. LICENSEE expressly waives the benefit of any statute now, or hereafter, in effect which would entitle LICENSEE to make repairs at CITY's expense.

12.1 Condition of Premises

LICENSEE shall accept the FESTIVAL AREA in its condition existing as of the date immediately preceding occupancy by LICENSEE or its vendor, customers, employees or agents. LICENSEE acknowledges that neither CITY, nor any representative of the CITY, has made any representation or warranty as to the present or future suitability of the FESTIVAL AREA for the conduct of LICENSEE's business. Furthermore, CITY makes no representations as to whether hazardous materials or toxic waste may be located on or near the subject premises.

12.2 Notification of unsafe conditions

In the event that the LICENSEE believes that an unsafe condition exists as a result of their inspection of the FESTIVAL AREA prior to any scheduled FESTIVAL, it is the responsibility of the LICENSEE to notify the DIRECTOR of such conditions immediately and ensure that LICENSEE activities, employees, vendors and members of the public are prevented from entering any area which may be deemed hazardous or unsafe by the LICENSEE until such conditions may be appropriately corrected.

12.3 Security Measures

LICENSEE acknowledges that nothing in this Agreement obligates the CITY to provide guard service or other security measures, and that CITY shall have no obligation whatsoever to provide same. LICENSEE assumes all responsibility for the protection of FESTIVAL, its vendors, agents and invitees, from acts of third parties.

13. RELATIONSHIP OF THE PARTIES

Nothing in this Agreement shall be constructed as creating a partnership or a joint venture, it being understood that each of the parties hereto is responsible for its own separate debts and obligations. The LICENSEE shall have no power to incur any debt or obligation for or on behalf of the CITY. Neither the CITY nor any of its officers or employees shall have any control over the conduct of the LICENSEE, or any of the LICENSEE's employees, except as herein set forth, and the LICENSEE expressly warrants not to, at any time or in any manner, represent that it, or any of its agents, servants or employees are in any manner employees of the CITY, it being distinctly understood that the LICENSEE is and shall at all times remain to the CITY a wholly independent contractor and the LICENSEE obligations to the CITY are solely such as are prescribed by this Agreement.

16.0 NOTICE TO PARTIES

Any notice required or permitted under this Agreement to be given by either party may be given by depositing in the United States mail, postage prepaid, first class, a notice addressed as follows:

To CITY: CITY of Cudahy
 5220 Santa Ana St
 Cudahy, CA 90201
 Attn: Community Development Director

To LICENSEE: _____

17.0 GENERAL PROVISIONS

17.1 Legal Construction.

(a) This Agreement is made and entered into in the State of California and shall in all respects be interpreted, enforced and governed under the laws of the State of California.

(b) This Agreement shall be construed without regard to the identity of the persons who drafted its various provisions. Each and every provision of this Agreement shall be construed as though each of the parties participated equally in the drafting of same, and any rule of construction that a document is to be construed against the drafting party shall not be applicable to this Agreement.

(c) The article and section, captions and headings herein have been inserted for convenience only, and shall not be considered or referred to in resolving questions of interpretation or construction.

(d) Whenever in this Agreement the context may so require, the masculine gender shall be deemed to refer to and include the feminine and neuter, and the singular shall refer to and include the plural.

17.2 Waiver; Remedies Cumulative.

Failure by a party to insist upon the performance of any of the provisions of this Agreement by the other party, irrespective of the length of time for which such failure continues, shall not constitute a waiver of such party's right to demand compliance by such other party in the future. No waiver by a party of a default or breach of the other party shall be effective or binding upon such party unless made in writing by such party, and no such waiver shall be implied from any omissions by a party to take any action with respect to such default or breach. No express written waiver of a specified default or breach shall affect any other default or breach, or cover any other period of time, other than any default or breach and/or period of time specified. All of the remedies permitted or available to a party under this Agreement, or at law or in equity, shall be cumulative and alternative, and invocation of any such right or remedy shall not constitute a waiver or election of remedies with respect to any other permitted or available right of remedy.

17.3 Mitigation of Damages.

In all such situations arising out of this Agreement, the parties shall attempt to avoid and minimize the damages resulting from the conduct of the other party.

17.4 Partial Invalidity.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void

or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

17.5 Attorneys' Fees.

The parties hereto acknowledge and agree that each shall bear his or its own costs, expenses and attorneys' fees arising out of and/or connected with the negotiation, drafting and execution of the Agreement, and all matters arising out of or connected therewith except that, in the event any action is brought by any party hereto to enforce this Agreement, the prevailing party in such action shall be entitled to reasonable attorneys' fees and costs in addition to all other relief to which that party or those parties may be entitled.

17.6 Entire Agreement.

This Agreement constitutes the whole agreement between the CITY and the LICENSEE, and neither party has made any representations to the other except as expressly contained herein. Neither party, in executing or performing this Agreement, is relying upon any statement or information not contained in this Agreement. Any changes or modifications to this Agreement must be made in writing appropriately executed by both the CITY and the LICENSEE.

17.7 Non-Assignability.

The LICENSEE shall not assign or transfer any interest in this Agreement without the express prior written consent of the CITY.

17.8 Severability

The invalidity of any provision of this Agreement, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provisions hereof.

STAFF REPORT

Date: November 23, 2015

To: Honorable Mayor/Chair and City Council/Agency Members

From: Jose E. Pulido, City Manager/Executive Director
By: Jennifer Hernandez, Acting Human Resources Specialist

Subject: **Consideration to Approve the First Amendment to the Legal Services Agreement with Liebert Cassidy Whitmore (LCW) for Employment Matters and Labor Negotiations**

RECOMMENDATION

The City Council is requested to approve the First Amendment to the Legal Services Agreement with Liebert Cassidy Whitmore (LCW) for employment related matters and labor negotiations.

BACKGROUND

1. On April 2, 2015, the City Manager and City Attorney reached agreement that the referral of employment law matters and labor negotiations to outside neutral counsel would be in the best interests of the City. This discussion centered on other pressing matters that required the immediate attention of the Olivarez Madruga team, and the understanding that employment law is a broad and complex area of practice impacting every aspect of the employer and employee relationship.
2. On April 21, 2015, the City Council approved a Legal Services Agreement with Liebert Cassidy Whitmore in the amount of \$25,000. LCW provides the subject matter expertise in labor relations, labor negotiations, retirement benefits, impasse resolution, Fair Labor Standards Act compliance, unfair labor practices, and other employment related matters and would serve the City well in these areas.
3. On June 30, 2015, The City's Memorandum of Understanding (MOU) with the Cudahy Miscellaneous Employees' Association (CMEA) expired, and it is imperative that the City work closely with outside neutral counsel to closely examine the terms of the current

MOU and future unfunded liability provisions, as well as compliance with the Public Employee Pension Reform Act (PEPRA) as it relates to CalPERS and City contributions, and related matters. Over the last 30 years LCW has negotiated hundreds of memoranda of understanding with all varieties of employee groups and have negotiated virtually every issue within the scope of bargaining including wages, hours, health and retirement benefits, leaves and discipline.

4. Between May and August 2015, several meetings took place between the City's Labor Negotiation team, which consists of Special Legal Counsel, Oliver Yee, Human Resources Consultant, Rhonda Strout, and the CMEA to discuss the terms of the Memorandum of Understanding. During this period, City Labor Negotiators also reported out progress and received direction from the City Council during Closed Session.

ANALYSIS

The City's labor negotiation team has engaged in several meetings with the CMEA bargaining unit to establish an MOU, which is more in line with current labor practices and the labor market, while preserving the interests of the membership.

The City is very close to finalizing the MOU between the City of Cudahy and CMEA. However, due to unforeseen delays resulting from lack of Council quorum during Closed Session section of meetings and initial difficulties reaching tentative agreements, which are crucial to the bargaining process, the City has exhausted the not to exceed agreement amount of \$25,000. Additionally, an unresolved issue regarding employee work schedules has further delayed the finalization of the MOU, requiring additional legal services to be provided by LCW. It is not anticipated that the additional services will be extensive.

CONCLUSION

City Council is requested to approve the attached First Amendment to the agreement with LCW. Should the City Council determine not to move forward, the City would continue to work with Olivarez Madruga on matters related to labor negotiations, which may delay progress in resolving the remaining issue involving employee work schedules, as well as, formal execution of the MOU.

FINANCIAL IMPACT

Additional costs resulting from this contract amendment are anticipated to be approximately \$15,000 above the original contract amount of \$25,000, resulting in an overall cost of \$40,000.

LEGAL SERVICES AGREEMENT

This Agreement is entered into between the law firm of LIEBERT CASSIDY WHITMORE, A Professional Corporation (“Attorney”), and the CITY OF CUDAHY, A Municipal Corporation (“City”).

1. Conditions

This Agreement will not take effect, and Attorney will have no obligation to provide services, until City returns a properly signed and executed copy of this Agreement.

2. Attorney’s Services

Attorney agrees to provide City with consulting, representational and legal services pertaining to employment relations matters, including representation in negotiations and in administrative and court proceedings, as requested by City or otherwise required by law.

3. Fees, Costs, Expenses

City agrees to pay Attorney the sums billed monthly for time spent by Attorney in providing the services, including reasonable travel time. Based on the foregoing, Attorney’s total compensation for the Work under this Agreement may not exceed the sum of TWENTY FIVE THOUSAND DOLLARS (\$25,000.00).

The current range of hourly rates for Attorney time is from One Hundred Ninety to Three Hundred Twenty-Five Dollars (\$190.00 - \$325.00), and from Seventy-Five to One Hundred Fifty Dollars (\$75.00 - \$150.00) for time of paraprofessional and litigation support staff. Attorney reviews its hourly rates on an annual basis and, if appropriate, adjusts them effective July 1. Attorney will provide the City with written notification of

any adjustment in the range of rates. Attorneys, paraprofessional and litigation support staff bill their time in minimum units of one-tenth of an hour.

City agrees to reimburse Attorney for necessary costs and expenses incurred by Attorney on behalf of City. Attorney bills photocopying charges at Fifteen Cents (\$0.15) per page and facsimile charges at Fifty Cents (\$0.50) per page. A Public Agency Fee Schedule is attached to this Agreement.

Payment by City against monthly billings is due upon receipt of statements, and is considered delinquent if payment is not received within thirty (30) days of the date of the invoice.

The California Business & Professions Code requires us to inform you whether we maintain errors and omissions insurance coverage applicable to the services to be rendered to you. We hereby confirm that the firm does maintain such insurance coverage.

4. Arbitration of Professional Liability or Other Claims

Disputes. If a dispute between City and Attorney arises over fees charged for services, the controversy will be submitted to binding arbitration in accordance with the rules of the California State Bar Fee Arbitration Program, set forth in California Business and Professions Code, sections 6200 through 6206. The arbitrator or arbitration panel shall have the authority to award to the prevailing party attorneys' fees, costs and interest incurred. Any arbitration award may be served by mail upon either side and personal service shall not be required.

If a dispute arises between City and Attorney over any other aspect of the attorney-client relationship, including, without limitation, a claim for breach of

professional duty, that dispute will also be resolved by arbitration. It is understood that any dispute as to any alleged breach of professional duty (that is, as to whether any legal services rendered under this agreement were allegedly unnecessary, unauthorized, omitted entirely, or were improperly, negligently or incompetently rendered) will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. **Both parties to this agreement, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.** Each party is to bear its own attorney's fees and costs.

5. File Retention

After our services conclude, Attorney will, upon City's request, deliver the file for the matter to City, along with any funds or property of City's in our possession. If City requests the file for the matter, Attorney will retain a copy of the file at the City's expense. If City does not request the file for this matter, we will retain it for a period of seven (7) years after this matter is closed. If City does not request delivery of the file for this matter before the end of the seven (7) year period, we will have no further obligation to retain the file and may, at our discretion, destroy it without further notice to City. At any point during the seven (7) year period, City may request delivery of the file.

6. Assignment

This Agreement is not assignable without the written consent of City.

7. Independent Contractor

It is understood and agreed that Attorney, while engaged in performing the terms of this Agreement, is an independent contractor and not an employee of City.

8. Authority

The signators to this Agreement represent that they hold the positions set forth below their signatures, and that they are authorized to execute this Agreement on behalf of their respective parties and to bind their respective parties hereto.

9. Term

This Agreement is effective March 9, 2015, ongoing and may be modified by mutual agreement of the parties. This agreement shall be terminable by either party upon thirty (30) days written notice.

pulido@cityofcudahyca.govMr. Jose Pulido
City Manager
City of Cudahy
5220 Santa Ana Street
Cudahy, CA 90201**Re: *Status of CMEA MOU Negotiations and Representation Fees***
Client-Matter: CU010/004

Dear Mr. Pulido:

This letter serves to update you on the status of the CMEA MOU negotiations and the corresponding fees associated with continuing and finalizing the MOU process. The MOU negotiations process commenced in April 2015. Since that time, the parties conducted several negotiations meetings in an effort to reach an agreement. In addition, during this period, I attended several City Council meetings in order to provide updates and receive direction from the City Council.

The parties reached a tentative agreement on the major terms of the MOU on September 24, 2015. The original not to exceed amount for our representation of the City for the MOU negotiations was \$25,000. During the month of September, a significant amount of work was done in an effort to reach the tentative agreement, which in turn caused us to exceed the not to exceed amount.

Since that time and up to today, discussions between the parties regarding an unresolved issue of the work schedule of employees have continued. Therefore, the parties have not been able to formally execute an MOU. Although the parties have made good faith attempts to resolve this outstanding issue through informal communications, it appears that additional, more formal meetings between the parties are necessary in order to resolve this issue and ensure that the parties remain on the same path towards achieving agreement. Accordingly, we request that the City allocate additional funds for our representation of the City to support the continuation and finalization of the MOU process.

STAFF REPORT

Date: November 23, 2015
To: Honorable Mayor/Chair and City Council/Agency Members
From: Jose E. Pulido, City Manager/Executive Director
By: Michael Allen, Acting Community Development Director
Subject: **Consideration to Adopt a Proposed Resolution Approving the Application for Grant Funds for the Water Quality, Supply and Infrastructure Improvement Act of 2014**

RECOMMENDATION

The City Council is requested to adopt a proposed resolution approving the application for grant funds for the Water Quality, Supply and Infrastructure Improvement Act of 2014 (Proposition 1), for the City of Cudahy Long Range Water Conservation and Park Plan.

BACKGROUND

1. In November 2014, California voters approved the Water Quality, Supply, and Infrastructure Improvement Act of 2014 (Proposition 1).
2. On October 15, 2015, the RMC announced the Call for Projects for the Proposition 1 Funding.
3. On October 28, 2015, the Acting Community Development Director met with representatives from Avant Garde (i.e., Company Principal Ana Marie LeNoue), to discuss this exciting one-time grant opportunity.
4. On October 29, 2015, Avant Garde submitted a proposal to prepare one grant application for the RMC Prop 1 Funds.

5. On October 29, 2015, City Manager and Acting Community Development Director reviewed Avant Garde's grant writing proposal for the RMC Prop 1 Funds.
6. On October 29, 2015, both the City Manager and Acting Community Development Director agreed that the City should pursue one grant application through RMC Prop 1 Funds.
7. On November 9, 2015, City Council approved a professional services agreement (PSA) with Avant Garde, Inc. in the amount of \$8,795 for the submittal of one application to the Rivers and Mountains Conservancy.

ANALYSIS

The voters of California approved the Water Quality, Supply, and Infrastructure Act of 2014 in November 2014 also known as Proposition 1, authorizing \$7.545 billion dollars in general obligation bonds for State water project, including surface and groundwater storage, ecosystem and watershed protection and restoration, and drinking water protection. As part of the available funding, \$30 million is allocated to the RMC for competitive grants for multi-benefit ecosystem, watershed protection, and restoration projects.

More specifically, Proposition 1 funds will be awarded for the acquisition, development, rehabilitation, restoration, and protection of land and water resources. Additionally, funds will be made available for project planning purposes.

In order to better prepare the City to competitively seek funding sources towards projects that address the water related needs throughout the City, the City seeks to apply for a planning grant. A planning grant will identify the City's needs, demand, and proposed improvements to be aligned with RMC goals and objectives, in order to qualify for future rounds of funding.

CONCLUSION

By adopting the proposed resolution the City Council would authorize the City Manager to submit application for grant funds through the RMC Call for Projects by retaining the services of Avant Garde through a PSA for grant writing and submittal ensuring that the City remains consistent in its pursuit of grant funding to improve the community's quality of life.

FINANCIAL IMPACT

There is no financial impact to the City to adopt the proposed resolution.

On November 9, 2015, the City Council approved the PSA in the amount of \$8,795 for grant writing services with Avant Garde Inc. The City Council appropriated fund in the FY 2015-16 City Budget set aside for contractual services necessary in order to plan, create, and manage the City's infrastructure as opportunities arise.

STAFF REPORT

Date: November 23, 2015
To: Honorable Mayor/Chair and City Council Members/Agency Members
From: Isabel Birrueta, City Attorney
Subject: **Consideration to Review City Commissions' Policies and Procedures for Communicating with the City Council**

RECOMMENDATION

The City Council is requested to receive the presentation and consider direction to City staff for any further action.

BACKGROUND

The Council has requested the City Attorney to further review the City Commissions' procedures and policies for communicating with the City Council, and compare them to several other cities' policies to report on any potential areas of improvement. The following is an analysis into the function of each commission (including its powers and duties), and the procedures for that commission's communication with the City Council. In addition, an attached table compares the City's commissions and their organization to several other Cities throughout Southern California.

ANALYSIS

The City of Cudahy currently has five commissions. They are the Senior Commission, the Parks and Recreation Commission, the Public Safety Commission, the Economic Development Commission and the Planning Commission. While the City's municipal code authorizes the existence of these commissions, the City has frequently used the resolution

process to establish specific rules for these commissions for the various purposes they serve.

1. General Provisions Applicable to All Commissions

The City's municipal code provides uniform rules for membership on the City's various commissions. The code provides that a commission member must be a City resident, owner of real property within the City limits or an employee of the City.¹ With the exception of the Public Safety Commission, none of the commission members are compensated for their positions on the commissions. Further, all City commissioners are appointed by the City Council, and serve for a term of two years. In addition, several circumstances will trigger removal from the commission by the City Council.

The several resolutions establishing each of the commissions have also adopted some uniform regulations with regard to the commissions. Each resolution establishing the commissions mandates the commission have five members. Thus, three members from each commission will represent a quorum. On the first meeting of the year in which the commission began, elections are held whereby the commission elects a chairperson, a chairperson pro tem and a secretary, who need not be a member of the commission.

Each commission must also hold regular monthly meetings, subject to the requirements of the Brown Act. With the exception of the newly established Economic Development Commission, reports of each commission's meetings must be provided to the City Council. Although the resolutions and ordinances establish these reports *shall* be submitted to the City Council, the policy is otherwise quite vague. For instance, no specifications as to the contents or format of the reports are provided. As such, a commission may be able to simply submit a record of the minutes, and indicate to the City Council that a meeting was held in order to satisfy the requirement.

The commissions generally have the right to appoint boards or committees that the commission may deem necessary or desirable to assist in the work of the commission. The City Council retains the right to appoint "Advisory Members," who shall be officers, employees or officials of the City to advise and consult with

¹ The Code also provides that members of the Cudahy Senior Citizen's Club are also eligible for membership on the Senior Commission. (Cudahy Municipal Code section 2.32.010.)

the commission. Although the City Council may appoint advisory members, these members have no right to vote on any matter pending before the commission.²

Each commission may also adopt rules and regulations on how the commission will be run. The City's Senior Commission and Public Safety Commission have done so through a handbook, and bylaws respectively. Both the handbook and the bylaws were approved by the City Council. Finally, the commissions serve advisory roles to the City Council, and are responsible for conducting investigations and studies relevant to the specific areas of interest to their commission at the request of the City Council.

2. Individual Commissions: Function and Communication Procedures

While each commission generally serves an advisory role to the City Council, the resolutions establishing each of the commissions have also delineated the areas each commission is able to provide advice and recommendations on. Further, the City Council has approved bylaws and handbooks that provide additional clarification as to the specific roles and duties of each commission, and their internal organization.

A. Senior Commission

The Senior Commission was originally established in 1987. It was established to advise the City Council and Administrative Staff in the area of gerontology. While it must stand ready to conduct investigations and appropriate studies at the City Council's request, the Senior Commission handbook also indicates the commission must serve as a communication link between the City Council and the public with regard to policy affecting the City's senior citizens.

The Senior Commission has two avenues for communicating with the City Council. The first is by addressing the City Council at a meeting. The handbook indicates that if the Senior Commission wishes to have a member appear before the Council, the member should be the Chairperson.

The second is through its written recommendations, motions and reports. Here, the Senior Commission must submit written materials to the Council through a

² Other cities have taken a more active approach and assigned one member of the city council to act as a liaison between the commission and the council. While the liaison still does not have any power to vote on the commissions in these cities, there is a definite and codified method for communication between the commissions and the respective city council. (South Pasadena Municipal Code section 2.34.)

designated staff member. Neither the handbook, nor the authoritative resolution indicates how such a "designated staff member" is chosen. Further, neither authority clearly establishes whether the staff member is a City staff member or the Commission's staff member. In researching several other cities' policies with regard to designating staff members as liaisons to commissions, cities have either appointed one council member to act as a liaison, or the City Manager will designate certain administrative staff to act as liaisons to the commissions.

B. Parks and Recreation Commission³

The City's Parks and Recreation Commission ("Parks Commission") began in 1982. The Parks Commission's primary function is to serve an advisory role to the City Council with regard to all matters of policy pertaining to the acquisition, use, maintenance and operations of parks, playgrounds and other public recreational facilities. The Parks Commission has not made significant changes to its operation since its inception, and has not adopted any handbook or bylaws to specifically delineate its roles and duties.

The resolution instituting the Parks Commission provides for certain methods of communicating with the City Council. In addition to conducting investigations and studies upon the City Council's request, the Parks Commission may also speak on personnel and staff matters pertaining to the maintenance and operations of the parks and recreational facilities in the City. Further, the City Council may also request the Parks Commission's input as to the recreation element of the City's General Plan. Thus, this may include discussion on topics such as the budget for Parks and Recreation, implementation of new or amended policies to the plan, and other matters affecting the Parks and Recreation element of the City's General Plan. The Parks Commission is authorized to conduct hearings and investigations necessary to provide competent advice.

C. Public Safety Commission

The Public Safety Commission was originally established in 1990. Initially, the City Council appointed all of the members of the commission; however, after 1999, the Mayor appointed the members of the Public Safety Commission

³ It should be noted that this commission is the only one without a handbook or form of bylaws specifically laying out the commission's responsibility and/or procedures for communicating with the City Council.

subject to City Council approval. In addition, the Chairperson of the Commission is now compensated \$50 per month while the remaining four commissioners are compensated \$40 per month.

The primary function of the Public Safety Commission is to advise the City Council with regard to the following: (i) planning and preparation for civil defense and disasters; (ii) traffic safety problems; and (iii) the adequacy of the City's police, fire and health services. In addition to the monthly reports required to be submitted to the City Council after each meeting, the Public Safety Commission is also tasked with providing the City Council a quarterly report detailing the Commission's activities, work plan and statuses on pending projects. This is similar to the practice of other cities, which generally require an annual report from their commissions.

The Commission's bylaws also provide for three mandatory advisory member positions. In accord, one representative from the code enforcement department, one representative from the Los Angeles County Sheriff's Department, and the City's Public Safety Director *must* attend every meeting of the Public Safety Commission. Again, these members are advisory and have no power to act on behalf of the Commission itself; however, the bylaws also indicate that any member of the City Council who wishes to attend a meeting has a right to be heard on any matter before the Public Safety Commission.

D. Economic Development Commission

In 2015, the City also amended its Municipal Code to include an Economic Development Commission. The Economic Development Commission's primary purpose is to facilitate the goals of the City's General Plan by serving as an advisory body to the City Council for the formulation and review of city economic development policies. The commission members are appointed by City Council members, and serve concurrently with the term of the respective appointing City Council member.

As the various other commissions, the Economic Development Commission must hold regular monthly meetings at a time and place set by the commission. Although this policy falls in line with the other commissions, the Economic Development Commission is not obligated to provide the City Council regular reports of its meetings pursuant to the ordinance. Rather, it appears the Economic Development Commission is obligated to provide written

recommendations to the City Council regarding economic development policies and programs when requested to do so. Specific areas to be considered are as follows:

- Development of an economic development strategy;
- Job creation;
- Neighborhood revitalization;
- Development of methods to monitor the economic status within the City;
- Attraction and retaining commerce and industry;
- Improvement of tax and other revenues collected by the City;
- Creation of improvement Districts and other zones that can be used to improve neighborhoods and/or commerce conducted within the City; and
- Such other matters specifically referred to the commission by the City Council.

The Economic Development Commission is arguably very important to the City. As indicated below, we would recommend the City adopt an over-arching ordinance to address the issue of regular reporting, similar to that requirement in the Public Safety Commission.

E. Planning Commission.

The City's Planning Commission is the only commission where the governing authority is found entirely in the Cudahy Municipal Code. The Commission has all the powers, duties and rights provided under the laws of the state which essentially mandates that the

Planning Commission must review any policies related to land use and zoning prior to approval by the City Council. For example, the municipal code provides that the Planning Commission must make recommendations to the Council on the following areas:

- Applications for conditional use permits;
- Variances;
- Zone changes;
- Zoning ordinance amendments;
- Tentative maps;
- General plan amendments;
- Specific plans;

- Specific plan amendments;
- Environmental impact reports; and
- Negative declarations and mitigated negative declarations associated with development applications.

In addition to its power to make recommendations to the City Council regarding the General Plan, the Planning Commission also has the power to conduct hearings, make decisions and grant extensions or waivers with regard to land use policies, nuisance determinations, zoning policies, and development plans within the City. Further, decisions made by the City's Director of Community Development can be appealed to the Planning Commission directly. As such, the Planning Commission acts both as an advisory body and also an administrative body.

It appears from the Municipal Code and related State laws that the main vehicle used by the Planning Commission to communicate with City Council is through recommendations made through reports of the Planning Commission. It is also likely that Commission members may be called upon to speak at City Council meetings as the Planning Commission is intimately involved with the amendment and approval process regarding the City's General Plan.

CONCLUSION

The City's commissions have varying purposes and functions. Each serves in an advisory role to the City Council, providing recommendations for final approval by the Council. Each must also file reports of their regular meetings with the City Council, in addition to making further reports per their bylaws or when requested by the City Council.

In addition to receiving reports, City Council members are entitled to appoint advisory members to sit in on commission meetings and advise each Commission as necessary. Advisory members still would not have any power to vote or bind each Commission.

Several other cities have also opted to amend their Municipal Code and adopt ordinances authorizing their commissions' existence. Cudahy has chosen to use the resolution process establish the various commissions.

To improve the communication between the City's commissions and the City Council, it is recommended that the City adopt an ordinance mandating semi-annual reporting by the commissions, similar to the provisions for the Public Safety Commission. This can be accomplished by a single over-arching ordinance applicable to all the City's commissions. In addition, we recommend drafting the ordinance to specifically lay out the contents and items to be included in the reports (i.e. status of anticipated and pending projects, observations of meetings held, expense reports, attendance records, and recommendations to the Council).⁴

FINANCIAL IMPACT

No financial impact will result to the City in analyzing the current functions and communication procedures amongst the various City Commissions and the City Council.

On the other hand, Cudahy has used the resolution process. While the resolution process has been an effective method, it may be beneficial to consider codifying some of the duties of each commission through ordinances and amendments to the Municipal Code.

Subject: **Consideration to Adopt a Proposed Resolution Establishing Prima Facie Speed Limits on Certain City Streets per the 2015 City of Cudahy Engineering and Traffic Survey**

RECOMMENDATION

City Council is requested to adopt a proposed resolution establishing prima facie speed limits on certain City streets per the 2015 City of Cudahy Engineering and Traffic Survey.

BACKGROUND

1. On August 15, 2007 the City of Cudahy completed its 2007 Engineering and Traffic Survey, which was prepared by Crown City Engineers.
2. On May 30, 2014 City staff programmed, through Metro Proposition C funding, the update of the 2007 Engineering and Traffic Survey.
3. On August 20, 2015 Willdan Engineering completed the 2015 City of Cudahy Engineering and Traffic Survey under the existing contract between Willdan Engineering and City of Cudahy dated March 5, 2013.

ANALYSIS

The Engineering and Traffic Survey is intended to be the basis for the establishment, revision, and enforcement of speed limits for selected streets within the City. These surveys are required by the State of California to establish intermediate speed limits on local streets and to enforce those limits using radar or other speed measuring devices. These surveys must be

updated every five or seven years to ensure the speeds reflect current conditions as dictated by the California Vehicle Code (CVC).

Accordingly, per the City's request, Willman Engineering completed the 2015 Cudahy Engineering and Traffic Survey "Survey" (Attachment B) to justify and update the posted speed limits along 25 street segments. These segments were last surveyed in 2007, and require an update to comply with the seven year limitation set forth in the California Vehicle Code. The Survey was conducted in accordance with applicable provisions of the CVC, following procedures outlined in the California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014, and as required by Section 627 of the California Vehicle Code.

This Engineering and Traffic Survey presents recommended speed limits for 25 street segments in the City. The survey was prepared by the City for the proper posting of speed limits and to enable the Los Angeles County Sheriff's Department to utilize radar or other electronic speed measuring devices for speed enforcement. A complete summary of all recommendations is shown in Table 2 of the Survey.

Speed limit changes are due to changes in the public's driving characteristics, accident history of the segment, and conditions not readily apparent to drivers.

Out of the 25 street segments speed surveys conducted, six were new street segments, eight were existing street segments where the survey requires the speed limit to be increased, and nine were existing street segments where the survey does not require any change in the speed limit. Radar surveys were conducted to collect speed data and determine the 85th percentile speed for each roadway. Other factors, such as collision experience, roadway design characteristics, pedestrian/bicycle activities, curves, adjacent development and engineering judgement were also considered in determining the recommended speed limits.

Table 1 of the 2015 City of Cudahy Engineering and Traffic Survey lists all street segments with recommended speed changes (See Attachment B).

While the City will be in compliance with the California Vehicle Code, the City is also continuing its efforts to improve the safety of Cudahy residents, especially students who walk or bicycle to all of its public schools through the creation of a citywide Safe Routes to School (SRTS) Plan. This Plan is a guiding document for pedestrian and bicycle infrastructure, policies, and programs around schools in Cudahy.

Inclusion of the Complete Streets Design Concept in City projects is a high priority for Cudahy as well. The Complete Streets Design approach in City projects is intended to provide a more sustainable walking, biking, and transit use community in Cudahy that will in turn promote future multimodal infrastructure improvements.

In order to implement the recommendations contained in the City's SRTS Master Plan, City's Pedestrian Assessment, Complete Streets Design approach and other pedestrian and bicycle improvements, the City has been recently awarded with a total of \$5.5 million in grants in the last two years (ATP Cycles 1&2, HSIP Cycles 6 &7 and Call for Projects Grant in 2015).

In summary, adoption of this Ordinance will not prevent the City from implementing the recommendations included in the SRTS Master Plan and awarded Grant's Scope of Work

CONCLUSION

Adoption of this resolution will keep the City in compliance with the requirements set forth in the California Vehicle Code (CVC) in order to justify and update the posted speed limits along 25 street segments per the 2015 City of Cudahy Engineering and Traffic Survey (Attachment B). Adoption of this resolution will also allow continued use of radar or other electronic means for enforcement of posted speed limits by the Los Angeles County Sheriff's Department.

Table 1 in the survey identifies street segments with recommended changes in posted speed limits and Table 2 of the Survey summarizes the recommendations for all surveyed segments.

Adjacent jurisdictions concur with the recommended speed limits on streets of shared interest. With implementation of the speed limits recommended in the resolution, the Engineering Department and Los Angeles County Sheriff's Department are confident that the enforcement of the posted speed limits by radar, or other electronic means, will be upheld in the courts.

FINANCIAL IMPACT

Updating speed limit signs in accordance with adoption of this resolution will cost approximately \$9,000. It is recommended to use Gas Tax Funds for this project. Gas Tax monies are eligible for this expense (Street Maintenance) and funds are available in Engineering Division Account.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CUDAHY ESTABLISHING PRIMA FACIE SPEED LIMITS ON CERTAIN CITY STREETS PER THE 2015 CITY OF CUDAHY ENGINEERING AND TRAFFIC SURVEY

WHEREAS, California Vehicle Code Section 22352 establishes default prima facie speed limits for certain types of streets and highways; and

WHEREAS, California Vehicle Code Sections 22357 and 22358 provide that local entities may make a determination, upon the basis of an engineering and traffic survey, that a different speed limit would facilitate the orderly movement of vehicular traffic and would be reasonable and safe; and

WHEREAS, California Vehicle Code Section 627(b) defines an engineering and traffic survey to include a consideration of all of the following:

1. Prevailing speeds as determined by traffic engineering measurements;
2. Accident Records; and
3. Highway, traffic, and roadside conditions not readily apparent to the driver; and

WHEREAS, the California Department of Transportation has established methods of conducting engineering and traffic surveys as required by the California Vehicle code; and

WHEREAS, the City of Cudahy has completed an engineering and traffic survey in accordance with the requirements of Vehicle Code Section 627 and pursuant to Vehicle Code Sections 22357 and 22358; and

WHEREAS, the referenced engineering and traffic survey is entitled, "2015 Engineering and Traffic Survey" prepared by Willdan Engineering for the City of Cudahy, dated August 20, 2015

BASED UPON THE ABOVE RECITALS, THE CITY COUNCIL OF THE CITY OF CUDAHY, CALIFORNIA, DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

SECTION 1. Based upon the above referenced engineering and traffic survey, the following speed limits are established:

Subject: 2015 Engineering and Traffic Survey

Dear Mr. Allen:

As requested, Willdan has completed an Engineering and Traffic Survey to justify and update the posted speed limits along 25 street segments in the City of Cudahy. These segments were last surveyed in 2007, and require an update to comply with the 7-year limitation set forth in the California Vehicle Code (CVC).

We are pleased to submit the enclosed report that describes the E&T survey procedures and contains recommendations for posted speed limits on the City's arterial and collector street system. A summary of these recommendations is included in the Analysis. Supporting documentation for each speed zone recommendation is provided in the Appendices.

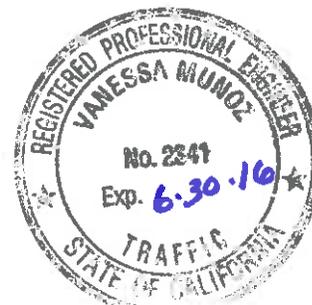

The Report was conducted in accordance with applicable provisions of the CVC, following procedures outlined in the California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014, and as required by Section 627 of the California Vehicle Code. The Report is intended to satisfy the requirements of Section 40802 of the CVC to enable the continued use of radar for traffic speed enforcement.

We appreciate the opportunity to serve the City of Cudahy and the assistance and cooperation afforded to us during the course of this study.

Very truly yours,

WILLDAN

INTRODUCTION

This Engineering and Traffic Survey is intended to be the basis for the establishment, revision, and enforcement of speed limits for selected streets within the City of Cudahy. This Engineering and Traffic Survey presents recommended speed limits for 25 street segments in the City of Cudahy. Engineering and Traffic Surveys are required by the State of California to establish intermediate speed limits on local streets and to enforce those limits using radar or other speed measuring devices. These surveys must be updated every 5 or 7 years to ensure the speeds reflect current conditions as dictated by the California Vehicle Code (CVC). The CVC also requires that the surveys be conducted based on the methodology required by The California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014.

The survey was requested by the City for the proper posting of speed limits and to enable the Sheriff's Police Department to utilize radar or other electronic speed measuring devices for speed enforcement. CVC Sections 40801 and 40802 require Engineering and Traffic Surveys that verify the prima facie speed limit before enforcement by such a device is legal. The law further specifies that these surveys be conducted every 5 years. The surveys can be extended to 7 years provided the City's police officer(s) have completed a 24-hour radar operator course [CVC 40802(c)(2)(B)(i)(I)]. Additionally, some surveys may be extended to 10 years if a traffic engineer certifies that no changes in roadway or traffic conditions have occurred [CVC 40802 (c)(2)(B)(i)(II)]. These provisions assure that posted speed limits are kept reasonably current.

The Engineering and Traffic Surveys for the City were conducted in accordance with procedures outlined in the California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014 and as required by Section 627 of the California Vehicle Code. The Code further describes three elements of an engineering and traffic survey:

1. Measurement of prevailing speed;
2. Accident history; and
3. Roadway characteristics not readily apparent to the motorist.

Posted speed limits are established primarily to protect the general public from the reckless and unpredictable behavior of dangerous drivers. They provide law enforcement with a clearly understood method to identify and apprehend violators of the basic speed law (CVC Section 22350). This law states that "No person shall drive a vehicle on a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of the highway, and in no event at a speed which endangers the safety of persons or property." The posted speed limit gives motorists a clear warning of the maximum speed that is reasonable and prudent under typical driving conditions.

The basic fundamentals for establishing speed limits recognize that the majority of drivers behave in a safe and reasonable manner, and therefore, the normally careful and competent actions of a reasonable driver should be considered legal. Speed limits established on these fundamentals conform to the consensus that those who drive the highway determine what speed is reasonable and safe, not on the judgment of one or a few individuals. A radar speed study is usually used to record the prevailing speed of reasonable drivers.

Speed limits are also established to advise drivers of conditions which may not be readily apparent to a reasonable driver. For this reason, accident history, roadway conditions, traffic characteristics, and land use must also be analyzed before determining speed limits. Speed limit changes are usually made in coordination with physical changes in roadway conditions or roadside developments. Unusually short zones of less than one-half mile in length should be avoided to reduce driver confusion.

Additionally, it is generally accepted that speed limits cannot be successfully enforced without voluntary compliance by a majority of drivers. Consequently, only the driver whose behavior is clearly out of line with the normal flow of traffic is usually targeted for enforcement.

ELEMENTS OF THE ENGINEERING AND TRAFFIC SURVEY

The California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014 specifies the methodology to be used for completing Engineering and Traffic Surveys. This methodology includes an evaluation of current vehicle speeds, accident history and conditions not readily apparent to motorists. The basic elements of the Engineering and Traffic Survey are discussed in more detail as follows:

Speed Sampling

Existing vehicle speeds are surveyed by a certified radar operator with a calibrated radar unit in an unmarked vehicle. Speed samples are taken for each segment representing a statistically significant sample of current traffic. This data is then evaluated to identify the distribution of speeds. A key element in the evaluation is the identification of the 85th percentile speed. The 85th percentile speed is the speed at or below which 85 percent of the traffic travels. This threshold represents what is historically found to be a safe and reasonable speed for most drivers based on common roadway conditions. Therefore, a speed limit is established at the nearest 5-mile per hour (mph) increment to the 85th percentile speed, except as shown in the two options below.

Options:

1. The posted speed may be reduced by 5 mph from the nearest 5 mph increment of the 85th-percentile speed, in compliance with CVC Section 627 and 22358.5.
2. For cases in which the nearest 5 mph increment of the 85th-percentile speed would require a rounding up, then the speed limit may be rounded down to the nearest 5 mph increment below the 85th percentile speed, if no further reduction is used. Refer to CVC Section 21400(b).

If the speed limit to be posted has had the 5 mph reduction applied, then an E&TS shall document in writing the conditions and justification for the lower speed limit. The reasons for the lower speed limit shall be in compliance with CVC Section 627 and 22358.5

The following examples are provided to explain the application of these speed limit criteria:

- A. Using Option 1 above and first step is to round down: If the 85th percentile speed in a speed survey for a location was 37 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 37 mph speed. As indicated by the option, this 35 mph established speed limit could be reduced by 5 mph to 30 mph if conditions and justification for using this lower speed limit are documented in the E&TS.
- B. Using Option 1 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 33 mph speed. As indicated by the option, this 35 mph speed limit could be reduced by 5 mph to 30 mph if the conditions and justification for using this lower speed limit are documented in the E&TS.
- C. Using Option 2 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, instead of rounding up to 35 mph, the speed limit can be established at 30 mph, but no further reduction can be applied.

Collision History

Reported collisions are reviewed for each street segment to determine if there is a higher than average rate of collisions. A segment that has an above-average collision rate typically suggests conditions that are not readily apparent to motorists.

A summary of the collision rates for the 25 surveyed street segments is provided in Appendix B.

Conditions Not Readily Apparent To Motorists

Each street segment is field inspected to identify roadway conditions that may not be readily apparent to motorists. A determination is made whether any conditions are significant and warrant the recommendation of the speed limit 5 mph or more below the basic speed limit. It is important to note that The California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014 recommends exercising great care when establishing speed limits 5 mph or more below the basic speed limit.

SURVEY CONDITIONS

SURVEY LOCATIONS

The procedures described below describe the criteria and methods used to survey selected streets within the City of Cudahy. The specific location of the radar speed survey for each street segment was selected after considering the following:

1. Minimum stop sign and traffic signal influence.
2. Minimum visibility restrictions.
3. Non-congested traffic flow away from intersections and driveways.
4. Minimum influence from curves or other roadway conditions that would affect the normal operation of a vehicle.

DATA COLLECTION

Data of existing conditions was obtained including prevailing speed of vehicles, traffic collisions, visibility restrictions, and roadway conditions within the community. Speed data and field reviews were conducted at 25 locations during the months of May, June, and July 2015.

Speed Data

Radar speed measurements were conducted at 25 locations during May, June, and July 2015. All surveys were conducted in good weather conditions, during off-peak hours on weekdays. The radar unit was operated from an unmarked vehicle to minimize any influence on driver behavior. Typically, a minimum sample size of 100 vehicles or the total samples during a maximum period of 2 hours were obtained for each segment. Traffic speeds in both directions were recorded for individual segments.

Collision Data

Collision data was obtained from the State of California's Statewide Integrated Traffic Records System (SWITRS) electronic collision database. For this study, collision data was used from the latest 3 years of reported accidents from January 1, 2011 to December 31, 2013. The collision rates for the 25 segments are expressed in accidents per million vehicle miles (A/MVM). To calculate these rates, 24-hour traffic volumes were collected for each street segment. This information was then entered into the following formula to determine the collision rate:

$$R = \frac{Ax1,000,000}{tx365 \frac{days}{year} xlv}$$

A = Number of midblock collisions over time period

R = Collision Rate (accidents/million vehicle miles)

t = Time Period Covered (in years)

l = Length of Segment (miles)

v = Traffic Volume (average daily traffic)

The segment collision rate was then compared to the average statewide collision rate. The average statewide collision rates were obtained from 2011 Collision Data on California State Highways published by Caltrans.

Field Review Data

A field review was conducted for each of the selected street segments in the City with consideration for the following factors:

1. Street width and alignment (design speed);
2. Pedestrian activity and traffic flow characteristics;
3. Number of lanes and other channelization and striping patterns;
4. Frequency of intersections, driveways, and on-street parking;
5. Location of stop signs and other regulatory traffic control devices;
6. Visibility obstructions;
7. Land use and proximity to schools;
8. Pedestrian and bicycle usage;
9. Uniformity with existing speed zones and those in adjacent jurisdictions; and
10. Any other unusual condition not readily apparent to the driver.

ANALYSIS

CRITERIA

Survey data was compiled and analyzed to determine the recommended speed limit in accordance with several criteria contained in The California Manual on Uniform Traffic Control Devices (California MUTCD) dated November 2014. Some of the criteria used are:

- A. The critical speed or 85th percentile speed is that speed at or below which 85 percent of the traffic is moving. This speed is the baseline value in determining what the majority of drivers believe is safe and reasonable. Speed limits set higher than the critical speed are not considered reasonable and safe. Speed limits set lower than the critical speed make a large number of reasonable drivers "unlawful," and do not facilitate the orderly flow of traffic. The "basic speed limit" is the nearest 5 mph increment to the 85th percentile speed.
- B. The 10 mile per hour (mph) pace speed is the 10 mph increment that contains the highest percentage of vehicles. It is a measure of the dispersion of speeds across the range of the samples surveyed. An accepted practice is to keep the speed limit within the 10 mph pace while considering the critical speed and other factors that might require a speed lower than the critical speed.
- C. The collision rate for each street segment is compared to average collision rates that can be reasonably expected to occur on streets and highways in other jurisdictions, in proportion to the volume of traffic per lane mile. These average collision rates have been developed by the State of California and are considered reasonable for use in the City of Cudahy.

RESULTS AND RECOMMENDATIONS

The Engineering and Traffic Survey Forms, presented in Appendix A, illustrate results of a thorough evaluation of the available data and recommend a speed limit for each street segment surveyed. A complete summary of all recommendations is shown in Table 2. In each case, the recommended speed limit was consistent with the prevailing behavior as demonstrated by the radar speed measurements. Typically, a speed limit in the upper range of the 10-mile pace was selected unless a collision rate significantly higher than expected was discovered or roadway conditions not readily apparent to the driver were identified. Any segments with recommended speed limits 5 mph or more below the basic speed limit are fully explained later in this report.

The Legislature, in adopting Section 22358.5 of the California Vehicle Code (CVC), has made it clear that physical conditions, such as width, curvature, grade and surface conditions, or any other condition readily apparent to a driver, in the absence of other factors, would not be the basis for special downward speed zoning. In these cases, the basic speed law (CVC Section 22350) is sufficient to regulate such conditions.

The recommendations contained in this Report are intended to establish prima facie speed limits. They are not intended to be absolute for all prevailing conditions. All prima facie

speed violations are actually violations of the basic speed law (Section 22350 of California Vehicle Code). This statute states that a person shall not drive a vehicle at a speed greater than is safe having regard for traffic, roadway, and weather conditions. A prima facie limit is intended to establish a maximum safe speed under normal conditions.

Table 1 identifies the street segments with recommended changes in posted speed limits and Table 2 summarizes the recommendations for all surveyed segments.

SEGMENTS WITH SPECIAL CONDITIONS

The following segments surveyed had recommended speed limits that were 5 miles per hour (mph) or more below the critical speed due to conditions not readily apparent to the driver. Each segment is discussed below.

Segment #4 – Clara Street – Salt Lake Avenue to Atlantic Avenue

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 7,756 vehicles per day. The adjacent land uses are residential and a school. The critical speed is 36 mph and would normally justify a 35 mph posted speed limit. However, due to various hidden driveways that may not be apparent to unfamiliar drivers, a lower speed limit is prudent. It is recommended that the speed limit to be posted at 30 mph for the above reasons.

Segment #5 – Clara Street – Atlantic Avenue to Wilcox Ave

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 10,825 vehicles per day. The adjacent land uses are commercial, residential, and a school. The critical speed is 30 mph and would normally justify a 30 mph posted speed limit. However, due to various hidden driveways, moderate pedestrian traffic, multiple uncontrolled crosswalks, and speed bumps that may not be apparent to unfamiliar drivers, a lower speed limit is prudent. It is recommended that the speed limit remain at 25 mph for the above reasons.

Segment #6 – Clara Street – Wilcox Avenue to River Road

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 18,291 vehicles per day. The adjacent land uses are residential. The critical speed is 37 mph and would normally justify a 35 mph posted speed limit. However, due to various hidden driveways that may not be apparent to unfamiliar drivers, a lower speed limit is prudent. It is recommended that the speed limit to be posted at 30 mph for the above reasons.

Segment #13 – Otis Avenue – Walnut Street to Flower Street

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 10,775 vehicles per day. The adjacent land use is residential. The critical speed is 32 mph and would normally justify a 30 mph posted speed limit. However, due to uncontrolled crosswalks, various hidden driveways that may not be apparent to unfamiliar drivers and to maintain uniformity among adjacent street segments, a lower speed limit is prudent. It is recommended that the speed limit remain at 25 mph for the above reasons.

Segment #15 – Park Avenue – Elizabeth Street to Park Avenue

This segment currently has no posted speed limit and has 1 through lane in each direction with an ADT of 1,251 vehicles per day. The adjacent land use is residential with a school. The critical speed is 22 mph and would normally justify a 20 mph posted speed limit. However, since this segment qualifies as a residential street under CVC section 515 and section 22352 of the CVC sets a 25 mph speed limit on residential streets. It is recommended that the speed limit be posted at 25 mph for the above reasons.

Segment #17 – Salt Lake Avenue – Walnut Avenue to Olive Street

This segment currently posted at 35 mph and has 1 through lane in each direction with an ADT of 5,850 vehicles per day. The adjacent land use is residential. The critical speed is 42 mph and would normally justify a 40 mph posted speed limit. However, due to uncontrolled crosswalks, various hidden driveways that may not be apparent to unfamiliar drivers and to maintain uniformity among adjacent street segments, a lower speed limit is prudent. It is recommended that the speed limit remain at 35 mph for the above reasons.

Segment #18 – Salt Lake Avenue – Olive Street to Santa Ana Street

This segment currently posted at 35 mph and has 1 through lane in each direction with an ADT of 8,699 vehicles per day. The adjacent land uses are commercial and industrial. The critical speed is 32 mph and would normally justify a 30 mph posted speed limit. However, in order to maintain uniformity among adjacent street segments, a higher speed limit is prudent. It is recommended that the speed limit remain at 35 mph for the above reason.

Segment #19 – Salt Lake Avenue – Santa Ana Street to Patata Street

This segment currently posted at 35 mph and has 1 through lane in each direction with an ADT of 11,548 vehicles per day. The adjacent land uses are commercial and residential. The critical speed is 41 mph and would normally justify a 40 mph posted speed limit. However, due to horizontal curves, and to maintain uniformity among adjacent street segments, a lower speed limit is prudent. It is recommended that the speed limit remain at 35 mph for the above reasons.

Segment #20 – Santa Ana Street – Atlantic Avenue to Wilcox Avenue

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 7,606 vehicles per day. The adjacent land uses are commercial and residential. The critical speed is 31 mph and would normally justify a 30 mph posted speed limit. However, due to various hidden driveways and speed bumps that may not be apparent to unfamiliar drivers, a lower speed limit is prudent. It is recommended that the speed limit remain at 25 mph for the above reasons.

Segment #21 – Santa Ana Street – Wilcox Avenue to Park Avenue

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 2,956 vehicles per day. The adjacent land uses are residential and commercial. The critical speed is 35 mph and would normally justify a 35 mph posted speed limit. However, due to various hidden driveways that may not be apparent to unfamiliar drivers, a lower speed limit is prudent. It is recommended that the speed limit be posted at 30 mph for the above reasons.

Segment #25 – Wilcox Avenue – Santa Ana Street to Patata Street

This segment currently posted at 25 mph and has 1 through lane in each direction with an ADT of 5,492 vehicles per day. The adjacent land uses are residential and industrial. The critical speed is 36 mph and would normally justify a 35 mph posted speed limit. However, due to hidden driveways that may not be apparent to unfamiliar drivers and to maintain uniformity among adjacent street segments, a lower speed limit is prudent. It is recommended that the speed limit be posted at 30 mph for the above reasons.

APPLICABLE SECTIONS OF CALIFORNIA VEHICLE CODE

SECTION 1. Section 627 of the Vehicle Code:

Section 627.

- (a) *“Engineering and traffic survey,”* as used in this code, means a survey of highway and traffic conditions in accordance with methods determined by the Department of Transportation for use by state and local authorities.
- (b) An engineering and traffic survey shall include, among other requirements deemed necessary by the department, consideration of all of the following:
 - (1) Prevailing speeds as determined by traffic engineering measurements.
 - (2) Accident records.
 - (3) Highway, traffic, and roadside conditions not readily apparent to the driver.
- (c) When conducting an engineering and traffic survey, local authorities, in addition to the factors set forth in paragraphs (1) to (3), inclusive, of subdivision (b) may consider all of the following:
 - (1) Residential density, if any of the following conditions exist on the particular portion of highway and the property contiguous thereto, other than a business district:
 - a. Upon one side of the highway, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses of business structures.
 - b. Upon both sides of the highway, collectively, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures.
 - c. The portion of highway is longer than one-quarter of a mile but has the ratio of separate dwelling houses or business structures to the length of the highway described in either subparagraph (A) or (B).
 - (2) Pedestrian and bicyclist safety.

Basic Speed Law

22350. No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property.

Speed Law Violations

Section 22351.

- (a) The speed of any vehicle upon a highway not in excess of the limits specified in Section 22352 or established as authorized in this code is lawful unless clearly proved to be in violation of the basic speed law.
- (b) The speed of any vehicle upon a highway in excess of the prima facie speed limits in Section 22352 or established as authorized in this code is prima facie unlawful unless the defendant

establishes by competent evidence that the speed in excess of said limits did not constitute a violation of the basic speed law at the time, place and under the conditions then existing.

Prima Facie Speed Limits

Section 22352.

The prima facie limits are as follows and shall be applicable unless changed as authorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

(1) When traversing a railway grade crossing, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along such railway. This subdivision does not apply in the case of any railway grade crossing where a human flagman is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways, if during the last 100 feet of the driver's approach to the intersection, the driver does not have a clear and unobstructed view of the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all those highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(3) On any alley.

(b) Twenty-five miles per hour:

(1) On any highway other than a state highway, in any business or residence district unless a different speed is determined by local authority under procedures set forth in this code.

(2) When approaching or passing a school building or the grounds thereof, contiguous to a highway and posted with a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching or passing any school grounds which are not separated from the highway by a fence, gate or other physical barrier while the grounds are in use by children and the highway is posted with a standard "SCHOOL" warning sign. For purposes of this subparagraph, standard "SCHOOL" warning signs may be placed at any distance up to 500 feet away from school grounds.

(3) When passing a senior center or other facility primarily used by senior citizens, contiguous to a street other than a state highway and posted with a standard "SENIOR" warning sign. A local authority may erect a sign pursuant to this paragraph when the local agency makes a determination that the proposed signing should be implemented. A local authority may request grant funding from the Pedestrian Safety Account pursuant to Section 894.7 of the Streets and Highways Code, or any other grant funding available to it, and use that grant funding to pay for the erection of those signs, or may utilize any other funds available to it to pay for the erection of those signs, including, but not limited to, donations from private sources.

Increase of Local Speed Limits to 65 Miles Per Hour

Section 22357.

- (a) Whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, 50, 55 or 60 miles per hour or a maximum speed limit of 65 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe. The declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street and shall not thereafter be revised except upon the basis of an engineering and traffic survey. This section does not apply to any 25 mile per hour prima facie limit, which is applicable when passing a school building or the grounds thereof or when passing a senior center or other facility primarily used by senior citizens.
- (b) This section shall become operative on the date specified in subdivision (c) of Section 22366.

Downward Speed Zoning

Section 22358.5.

It is the intent of the Legislature that physical conditions such as width, curvature, grade and surface conditions, or any other condition readily apparent to a driver, in the absence of other factors, would not require special downward speed zoning, as the basic rule of Section 22350 is sufficient regulation as to such conditions.

Boundary Line Streets

Section 22359.

With respect to boundary line streets and highways where portions thereof are within different jurisdictions, no ordinance adopted under Sections 22357 and 22358 shall be effective as to any such portion until all authorities having jurisdiction of the portions of the street concerned have approved the same. This section shall not apply in the case of boundary line streets consisting of separate roadways within different jurisdictions.

Speed Trap Prohibition

Section 40801.

No peace officer or other person shall use a speedtrap in arresting, or participating or assisting in the arrest of, any person for any alleged violation of this code nor shall any speed trap be used in securing evidence as to the speed of any vehicle for the purpose of an arrest or prosecution under this code.

Speed Trap

Section 40802.

- (a) A "speed trap" is either of the following:
- (1) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.
 - (2) A particular section of a highway with a prima facie speed limit that is provided by this code or by local ordinance under subparagraph (A) of paragraph (2) of subdivision (a) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving object. This paragraph does not apply to a local street, road, or school zone.
- (b)(1) For purposes of this section, a local street or road is one that is functionally classified as "local" on the "California Road System Maps," that are approved by the Federal Highway Administration and maintained by the Department of Transportation. When a street or road does not appear on the "California Road System Maps," it may be defined as a "local street or road" if it primarily provides access to abutting residential property and meets the following three conditions:
- (A) Roadway width of not more than 40 feet.
 - (B) Not more than one-half of a mile of uninterrupted length. Interruptions shall include official traffic control signals as defined in Section 445.
 - (C) Not more than one traffic lane in each direction.
- (2) For purposes of this section "school zone" means that area approaching or passing a school building or the grounds thereof that is contiguous to a highway and on which is posted a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. "School zone" also includes the area approaching or passing any school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children if that highway is posted with a standard "SCHOOL" warning sign.
- (c)(1) When all the following criteria are met, paragraph (2) of this subdivision shall be applicable and subdivision (a) shall not be applicable:
- (A) When radar is used, the arresting officer has successfully completed a radar operator course of not less than 24 hours on the use of police traffic radar, and the course was approved and certified by the Commission on Peace Officer Standards and Training.
 - (B) When laser or any other electronic device is used to measure the speed of moving objects, the arresting officer has successfully completed the training required in subparagraph (A) and an additional training course of not less than two hours approved and certified by the Commission on Peace Officer Standards and Training.

- (C)(i) The prosecution proved that the arresting officer complied with subparagraphs (A) and (B) and that an engineering and traffic survey has been conducted in accordance with subparagraph (B) of paragraph (2). The prosecution proved that, prior to the officer issuing the notice to appear, the arresting officer established that the radar, laser, or other electronic device conformed to the requirements of subparagraph (D).
 - (ii) The prosecution proved the speed of the accused was unsafe for the conditions present at the time of alleged violation unless the citation was for a violation of Section 22349, 22356, or 22406.
 - (D) The radar, laser, or other electronic device used to measure the speed of the accused meets or exceeds the minimal operational standards of the National Traffic Highway Safety Administration, and has been calibrated within the three years prior to the date of the alleged violation by an independent certified laser or radar repair and testing or calibration facility.
- (2) A "speed trap" is either of the following:
- (A) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.
 - (B)(i) A particular section of a highway or state highway with a prima facie speed limit that is provided by this code or by local ordinance under subparagraph (A) of paragraph (2) of subdivision (a) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within one of the following time periods, prior to the date of the alleged violation, and enforcement of speed limit involves the use of radar or any other electronic device that measures the speed of moving objects:
 - (I) Except as specified in subclause (II), seven years.
 - (II) If an engineering and traffic survey was conducted more than seven years prior to the date of the alleged violation, and a registered engineer evaluates the section of the highway and determines that no significant changes in roadway or traffic conditions have occurred including, but not limited to, changes in adjoining property or land use, roadway width, or traffic volume, 10 years.
 - (ii) This subparagraph does not apply to a local street, road, or school zone.

Speed Trap Evidence

Section 40803.

- (a) No evidence as to the speed of a vehicle upon a highway shall be admitted in any court upon the trial of any person in any prosecution under this code upon a charge involving the speed of a vehicle when the evidence is based upon or obtained from or by the maintenance or use of a speedtrap.

- (b) In any prosecution under this code of a charge involving the speed of a vehicle, where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects, the prosecution shall establish, as part of its prima facie case, that the evidence or testimony presented is not based upon a speed trap as defined in paragraph (2) of subdivision (a) of Section 40802.

- (c) When a traffic and engineering survey is required pursuant to paragraph (2) of subdivision (a) of Section 40802, evidence that a traffic and engineering survey has been conducted within five years of the date of the alleged violation or evidence that the offense was committed on a local street or road as defined in paragraph (2) of subdivision (a) of Section 40802 shall constitute a prima facie case that the evidence or testimony is not based upon a speed trap as defined in paragraph (2) subdivision (a) of Section 40802.

Survey Equipment

SURVEY EQUIPMENT USED

The radar equipment used to collect speed measurements for this survey were a Falcon Hand-Held traffic Radar unit and a Road Runner Hand-Held traffic Radar unit. Both radar units are manufactured by Kustom Signals Inc. of Lenexa, Kansas. The calibration of each unit was checked before each series of measurements were taken. Tests of the units were conducted in accordance with the manufacturer's specifications. The Falcon Hand-Held Traffic Radar, SN# FF10, was last calibrated on March 25, 2015 by RHF Inc., and the Road Runner Hand-Held Traffic Radar, SN# RR22, was last calibrated on March 25, 2015 RHF Inc.

STAFF REPORT

Date: November 23, 2015
To: Honorable Mayor/Chair and City Council/Agency Members
From: Jose E. Pulido, City Manager/Executive Director
By: Jessica Balandran, Senior Administrative Analyst
Subject: **Consideration to Adopt a Proposed Resolution Supporting the LA River Revitalization Corporation 51-Mile Integrated Design Study of the Los Angeles River**

RECOMMENDATION

The City Council is requested to adopt a proposed resolution supporting the LA River Revitalization Corporation 51- Mile Integrated Design Study of the Los Angeles River (LA River) that would authorize staff to assist in providing data and/or analysis relevant to the study's design criteria.

BACKGROUND

On November 9, 2015, the City Council voted to bring a resolution supporting the LA River Revitalization Corporation 51-Mile Integrated Design Study of the LA River to the November 23, 2015 City Council meeting.

ANALYSIS

The LA River Revitalization Corporation (LA River Corp.) is a non-profit organization with a mission to ensure that the 51-mile LA River integrates design and infrastructure that brings people and nature together. The LA River Corp. was created as an independent organization by the City of Los Angeles to support the revitalization of the LA River. They support river-oriented policy and sustainable public spaces, while creating innovative

models for community benefit and participation. The LA River Corp. believes that the 51-mile LA River is integral to our quality of life and essential to building the healthy, vibrant, and resilient region in which we want to live.

Given the severe drought the State of California faces, we have no other option than to re-think how our current infrastructure can be updated to continue to serve in its flood control capacity but also be used to achieve a sustainable water supply while offering a civic resource to meet the needs of the highly urbanized Los Angeles County, today and in the future. Further, the LA River Corp. wants to improve the identity of the Los Angeles region, build a 51-mile signature park, and align social and economic benefits by honoring and refitting the ecosystem on which our region was built.

LA River Revitalization Corporation seeks support from its stakeholders for the 51-mile Integrated Design Study of the LA River to authorize the adoption of a systematic approach to the entire 51-miles of the LA River that brings to life a restored resource — a linear Central Park that will redefine how we move through Los Angeles by connecting people, restoring natural habitat in some of the most park-poor communities in the country, updating river infrastructure to help meet the Los Angeles region’s water sustainability needs, and leaving a public-space legacy for generations to come.

CONCLUSION

Staff recommends adoption of the proposed resolution because the LA River borders the City of Cudahy, and the City is invested in all future plans that will affect the quality of life for residents. The organization, along with a team of technical and design experts, is prepared to approach the challenges related to the LA River through an integrated design approach in partnership with the Federal, State, County and local municipalities and agencies. Partnership with the City of Cudahy would allow the region to imagine the possibilities for this grand civic-scale initiative for the LA River and compete for public capital funds at a larger scale given the scale of the river’s 51-miles.

Adoption of the proposed resolution will also authorize staff to assist in providing data and/or analysis relevant to the study’s design criteria - flood control, water quality, water recharge, public health, ecosystem services, recreation, transportation, carbon sequestration through GHG emissions, heat islands, arts/culture and land use - that could lead to the creation of a 51-mile integrated design framework demonstrating the

need to pursue a public capital campaign in the near future to fund the proposed interventions along all 51-miles of the river.

FINANCIAL IMPACT

There is no cost associated with the adoption of the resolution.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CUDAHY SUPPORTING, WITH NO FINANCIAL OBLIGATION, THE LA RIVER REVITALIZATION CORPORATION 51-MILE INTEGRATED DESIGN STUDY OF THE LOS ANGELES RIVER TO PREPARE FOR A FUTURE PUBLIC CAPITAL CAMPAIGN AND AUTHORIZING STAFF TO ASSIST IN THE STUDY

WHEREAS, the LA River Revitalization Corporation (LA River Corp.) is an independent non-profit organization with a mission to ensure that the 51-mile LA River integrates design and infrastructure that brings people and nature together created as an independent organization by the City of Los Angeles to support the revitalization of the Los Angeles River; and

WHEREAS, the LA River Corp. is interested in maximizing opportunities to prepare an integrated design vision for the entire 51-mile length of the Los Angeles River that creates a unique identity for the Los Angeles River, while identifying its role in addressing the on-going water issues of the Los Angeles region and maintaining flood control capacity; and

WHEREAS, LA River Corp.'s mission and objectives, which include revitalizing the Lower LA River in concert with the Upper LA River so that the entire river watershed is managed collaboratively, align with and support AB 530 providing for the appointment of a local working group to develop a revitalization plan for the Lower LA River watershed.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CUDAHY DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The City Council of the City of Cudahy supports, with no financial obligation, LA River Corp. engaging in the 51-Mile Integrated Design Study of the Los Angeles River for the purposes of leading towards a future public capital campaign to raise public funds to support implementation of projects called for in the integrated design approach.

SECTION 2. The City Council directs staff to provide reasonable assistance to LA River Corp. in preparing the 51-Mile Integrated Design Study by providing data and/or analysis relevant to the study's design criteria, including data and/or analysis pertaining to flood control, water quality, water recharge, public health, ecosystem services, recreation, transportation, carbon sequestration through GHG emissions, heat islands, arts/culture and land use.

SECTION 3. The City Clerk shall certify to the adoption of this Resolution which shall be effective upon its adoption.

To: Honorable Mayor/Chair and City Council/Agency Members
From: Jose E. Pulido, City Manager/Executive Director
Subject: **Consideration to Approve the Cancellation of the December 28, 2015 Regular City Council Meeting**

RECOMMENDATION

The City Council is requested to approve the cancellation of the December 28, 2015 regular City Council meeting.

BACKGROUND/ANALYSIS

The day following each City Council meeting, I hold a management staff meeting to review the agenda forecast for the upcoming two months. The agenda forecast is commonly used by many cities to assist staff in managing the number and types of items that are brought before the City Council at any given meeting. It is also used to insure that time sensitive or mandated items are enacted in a timely manner.

After reviewing the agenda forecast with staff during the November 10, 2015 management meeting, I determined that any items requiring City Council action by year-end could be placed on the December 14, 2015 agenda.

Additionally, during the holiday season, City Hall operates at reduced staffing levels due to scheduled vacation and days off. This year the Christmas holiday falls on Thursday and Friday and City Hall will be closed. As a result, the ability to produce a timely agenda packet by Wednesday, December 23, 2015 will be significantly diminished due to reduced staffing.

Should the City Council approve the cancellation of the December 28, 2015 meeting, the next regular City Council meeting would be held on Monday, January 11, 2016.

CONCLUSION

It is recommended that the City Council approve the cancellation of the December 28, 2015 regular meeting.

Subject: **Creation of a Technology Ad Hoc Committee**

RECOMMENDATION

The City Council is requested to establish a Technology Ad Hoc Committee.

BACKGROUND/ANALYSIS

During the November 9, 2015 regular City Council meeting, Vice Mayor Hernandez requested that staff bring forward an item to establish an Ad Hoc Committee to authorize and assess how the City is utilizing technology.

CONCLUSION

It is recommended that the City Council establish an Ad Hoc Committee to review opportunities to enhance the City's internal and external capacity to develop and implement technology citywide (e.g., Technology Strategic Plan).
