

# Measure M Implementation

– Proposed Staff Approach

December 1, 2016

Metro

# Presentation Overview

- Measure M Guidelines
- Taxpayer Oversight Committee
- Advisory Council
- Long Range Transportation Plan
- Capital Projects Tactical Plan
- Unsolicited Proposals
- Related Initiatives
- Next Steps

# Measure M Guidelines Development

- Measure M is far more comprehensive and far reaching than Measure R
- The success of Measure M hinged on the diverse and committed coalition that supported its passage
- The Guidelines must address all aspects of administering and overseeing Measure M
  - The Ordinance specifically stipulates guidelines for some elements, but others require equal clarity of intent and a process to implement them

# Measure M Guidelines – Continued

- Staff will prepare a Master Guidance document that will direct the broad investment categories in Measure M:
  - Administration
  - Oversight, Assessments and Amendments
  - Transit Operations
  - Highway and Transit Subregional Programs
  - State of Good Repair
  - Local Return
  - Designated Regional and Other Programs

# Measure M Guidelines – Continued

- The provisions of Measure M will impact many constituencies
- The Metro Board and staff are ultimately accountable to the people of the County
- The Ordinance provides specific authorities for administering certain provisions, notably the Local Return Program
  - In those limited cases staff would work directly with the entities on drafting appropriate guidance

# Taxpayer Oversight Committee

- Ordinance has specific requirements & selection criteria
- Chair, Vice Chair, & 2<sup>nd</sup> Vice Chair comprise the Selection Panel
- Selection Panel will recommend the Oversight Committee members (7) for Board Approval (simple majority)
- Online application process being developed for the Committee; applications will be open for 60 days
- Committee in place by June 2017

# Advisory Council Recommendation

- Staff recommends a new Advisory Council be established to review and comment on the draft Guidelines and provide advisory recommendations to the Board
- The Advisory Council would not supersede the responsibility of the Taxpayer Oversight Committee
- The Advisory Council will provide insight and input on the Master Guidelines document
- The Council will also be utilized during the Long Range Transportation Plan process

# Advisory Council – An Inclusive Forum

- The Advisory Council ensures an equal, representative voice for the following:
  - **Transportation Consumers:** Those who use or are impacted by our complex transport system
  - **Transportation Providers:** Those who supply or regulate transportation infrastructure and services
  - **Accountable Jurisdictions:** Elected bodies accountable to needs of both consumer and provider constituencies

# New Advisory Council

- The Council will reflect the diverse coalition with a balanced representation of the following:

PROVIDERS	CONSUMERS	JURISDICTIONS
Transit Munis	Elderly/Disabled	County of LA
CalTrans	Students	City of LA
Metrolink	Enviro/Social Equity	City of Long Beach
Access Services	Enviro/Social Equity	Small City
Ports	Enviro/Social Equity	Medium City
Airports	Business	Small/Medium City
Federal	Small Business Assn.	COG
Auto Club	Labor	COG

# Master Guidelines Development Timeline

- Preparation of Master Guidelines Document and formation of Advisory Council – January-March 2017
- Advisory Council review and outreach process as representative of Council membership – April-May
- Board consideration and action – June

# Long Range Transportation Plan

- Passage of Measure M sets the stage for new, innovative Long Range Transportation Plan (LRTP)
- However, we must amend the 2009 LRTP
  - Measure M expenditure plan projects create a voter mandated baseline
  - A major LRTP update must build around this baseline to be relevant
  - Amendment to 2009 LRTP also ensures eligibility for federal funding and permitting as projects proceed
  - This amendment is essential for the aggressive project delivery of Measure M

# Long Range Transportation Plan – Continued

- Board to approve 2009 amendment in January 2017, and submit to SCAG
  - SCAG completes its federally required MPO regional planning and air quality conformity
  - Anticipate formal federal approvals of SCAG actions in summer 2017
- In January/February 2017, staff will present process for major LRTP update
  - Will build on 2009 LRTP amended baseline
  - Will present innovative new thinking, structure and approach
  - New Advisory Council to assist with inclusive participation and input

# Tactical Plan & Approach – Capital Projects & Programs

# Unsolicited Proposals

## Refresh:

- Released Unsolicited Proposals Policy – Feb. 2016
- Objective is to encourage innovative proposals from the private sector to accelerate delivery of major capital projects as well as new technologies
- So far, we have received 54 total unsolicited proposals including 9 for major capital construction projects
- Projects go through a Phase I review process first. If merit, moves to Phase II detailed proposal process
- Successful Phase II proposals move to solicitation

**Metro**

# Unsolicited Proposals – Next Steps

- Proposals from Parker Infrastructure Partners and Goldman Sachs have both advanced to Phase II
  - Parker proposal offers a unique approach to fund and accelerate selected Measure M mega projects
  - Goldman Sachs proposal provides a regional network approach to deliver Metro's High Occupancy Toll (HOT) lanes
- Skanska proposal to accelerate Purple Line Section III is under consideration
- Three West Santa Ana Branch proposals under Phase I consideration
  - Skanska, ACS, and Kiewit-AECOM
- Three Sepulveda Pass proposals under Phase I consideration
  - HDR, Parsons, and Cintra
