 CUDAHY GENERAL PLAN

The City of Cudahy is Planning for the Future!

The City of Cudahy is currently updating its General Plan. You can get involved in shaping the future of your community!

What is a General Plan?

A General Plan guides a city's future social, physical, and economic development over a 20 year period. It is a key tool for influencing the community's quality of life. General Plans are required by State law to cover seven areas known as "elements."

Land Use:

Designates how land can be used and distributes the uses.

Conservation:

Addresses the conservation and development of natural resources.

Safety:

Establishes programs to protect communities from natural hazards.

Circulation:

Studies transportation, and mobility including cars, bicycles, pedestrians, and transit.

Open Space:

Details plans for the preservation of open land or parks.

Air Quality & Atmosphere:

Focuses on greenhouse gas reduction, improved sustainability, and related environmental issues.

Housing:

Assesses housing issues and projects future housing needs.

Noise:

Appraises noise issues in the community which will influence land use distribution.

Economic Development

Focuses on improving local business, job opportunities, and providing a sound fiscal basis for the City and its residents.

In addition to these seven elements, the City of Cudahy is including two additional elements:

How Can I get Involved?

We want to hear from you! Making sure the General Plan reflects the community's goals and vision for the future is important; it begins with you. There are several planned workshop and meetings during the 2-year planning process; all events will be conducted in English and Spanish.

La Ciudad de Cudahy está planificando para el futuro

¿Qué es el Plan General?

El Plan General guía el desarrollo social, económico, y físico de la ciudad por un periodo de 20 años. Es una herramienta clave que influirá sobre la calidad de la vida comunitaria. Los Planes Generales contienen siete capítulos, conocidos como "Elementos" que son requeridos por el estado:

Uso de Suelo:

Crea designaciones para el uso de terrenos y como esos usos deben ser distribuidos.

Circulación:

Estudia la transporación y la movilidad de autos, peatonal y de bicicletas.

Vivienda:

Evalúa asuntos relacionados con la vivienda y predice la necesidad de vivienda en el futuro.

Conservación:

Aborda la conservación ecológica y el desarrollo de recursos naturales.

Espacio Abierto:

Define planes para la protección de espacios abiertos y parques.

Ruido:

Evalúa asuntos relacionados al ruido en la comunidad que influyen a la distribución del uso del suelo.

Seguridad Pública:

Establece programas para proteger a la comunidad de desastres naturales.

Calidad del Aire y Atmósfera:

Se enfoca en la reducción de gases causantes del efecto invernadero y en mejorar la sostenibilidad ambiental.

Desarrollo Económico:

Enfoca en la mejora del comercio local, oportunidades de empleo, y en proveer una fuerte base fiscal para la ciudad y sus residentes.

A más de estos siete elementos, la ciudad de Cudahy incluirá dos elementos adicionales:

¿Cómo puedo participar?

¡Queremos escucharle! Es importante que el Plan General refleje las metas y la visión de la comunidad; eso comienza con su participación. Habrán varios talleres y reuniones en los cuales puede participar a lo largo de este proceso de dos años. Todos los eventos serán llevados a cabo en Ingles y en Español.
